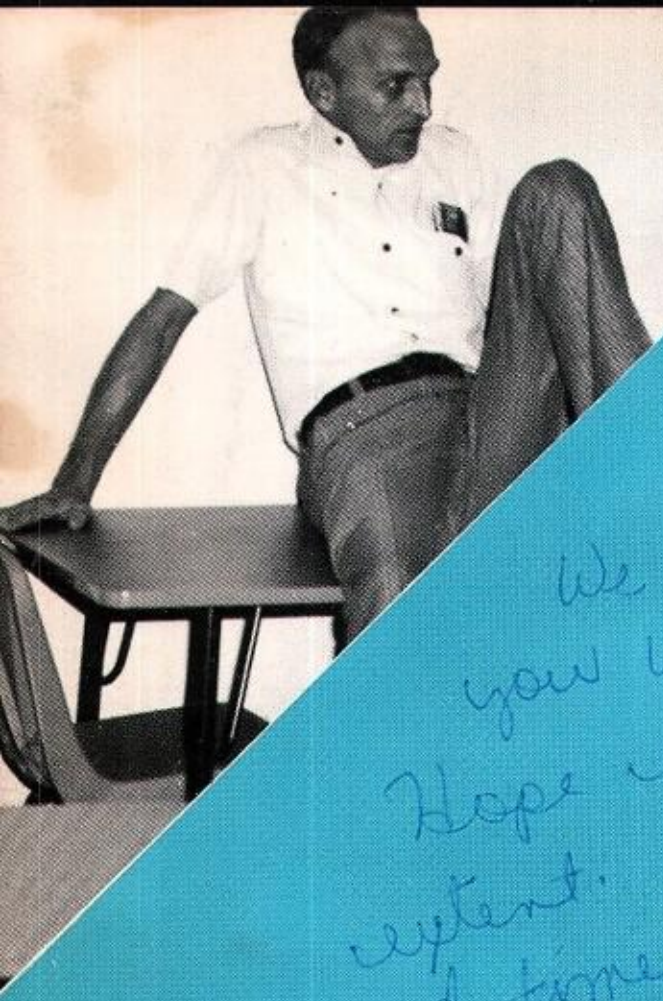
A sunset is nature's way of telling us that the day has ended. Night is coming and the world begins to slow down. The setting of dusk is quiet and peaceful. The world is full of different settings for people to live in. The cities for bustling, and the country for quiet. Everything starts with a setting and is built from there. When the school is our setting we are compelled to play the parts of students and teachers. When we are in other settings we play other parts. FOR THE WORLD IS A STAGE, AND ALL THE PEOPLE MERELY PLAYERS.



Kim:
Always remember every crazy thing that we use to do. We really were nuts. Remember that time you were doing your dishes. Oh Jesus. Hope everything works out to your fullest extent. Always remember me and all the good times. Keep in touch. Ocean City here I come.
Love,
Daphne

Kim
Have fun
over the summer.
Good luck in the

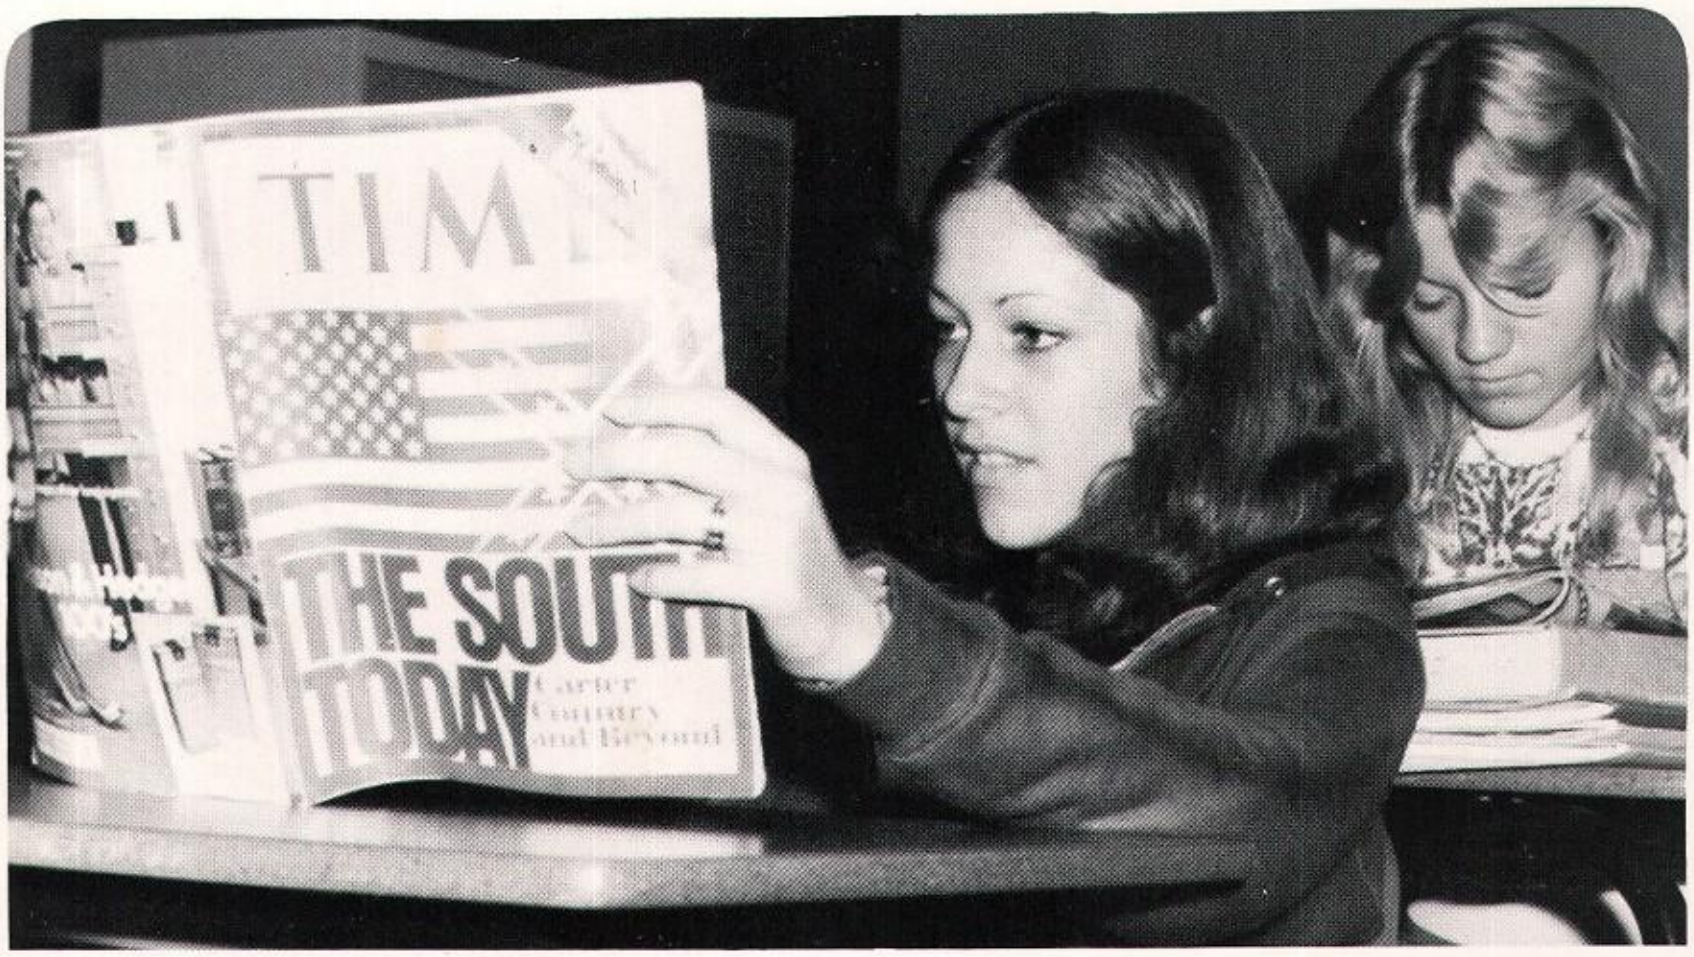
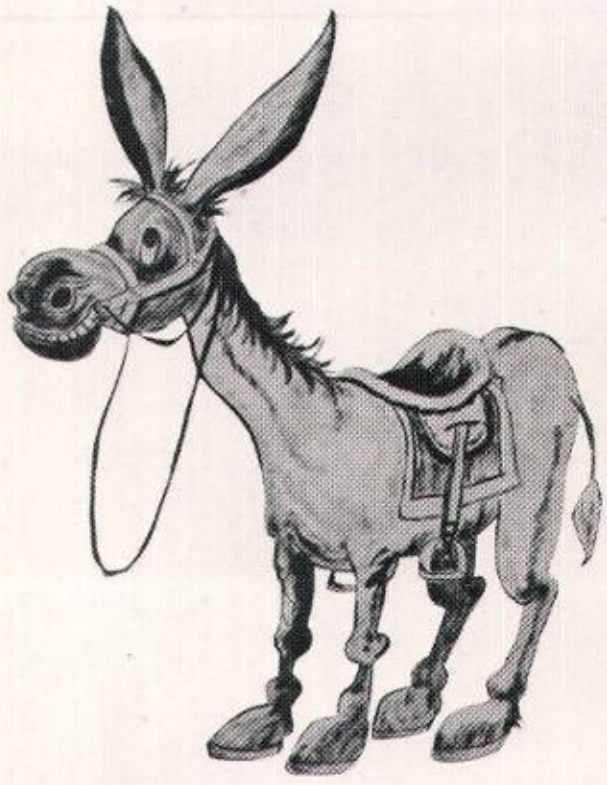
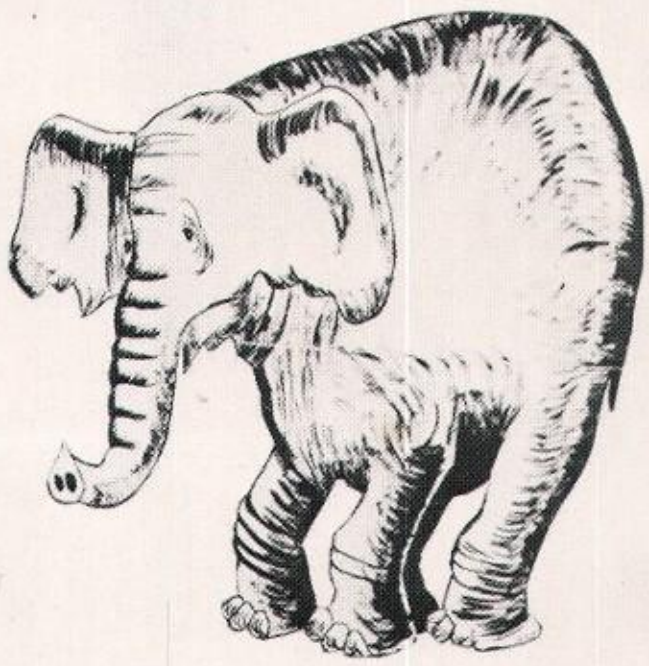
In the beginning when we were very young, we could build entire worlds from make believe. As children we would pretend to be doctors, firemen, teachers . . . But as we have grown, reality has crept more and more into our lives, and we have accepted and have begun to play the roles which will help to shape the rest of our lives.

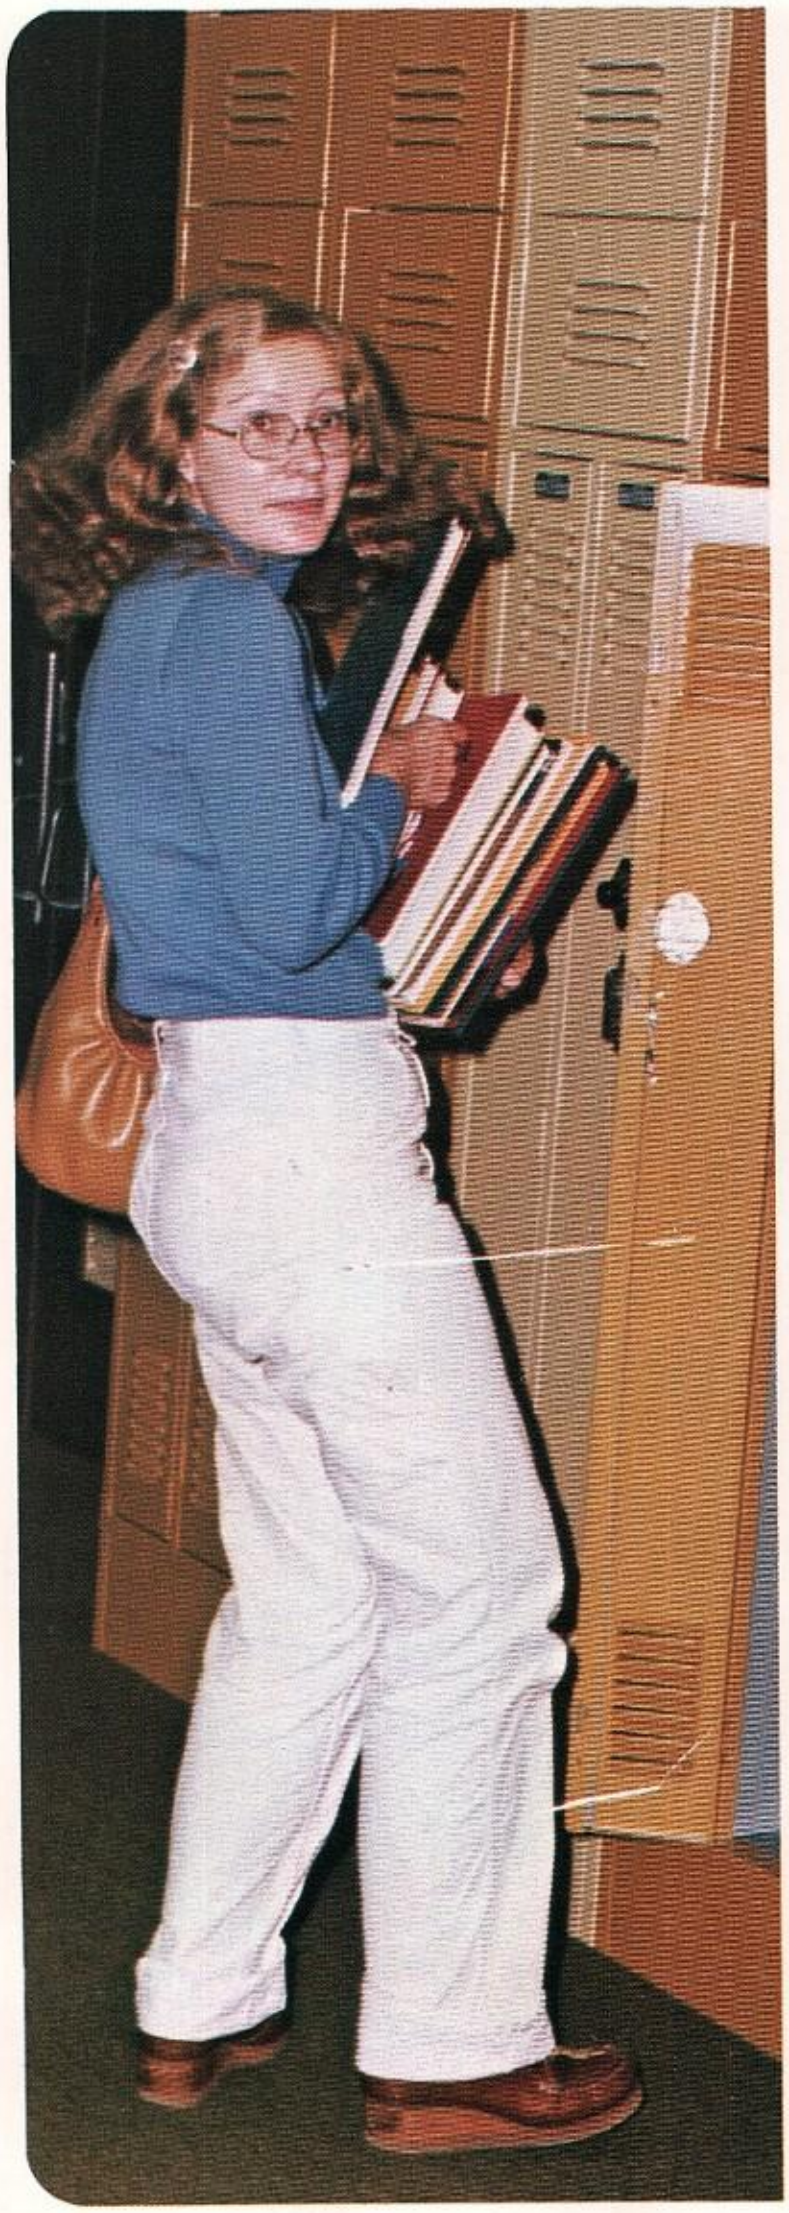


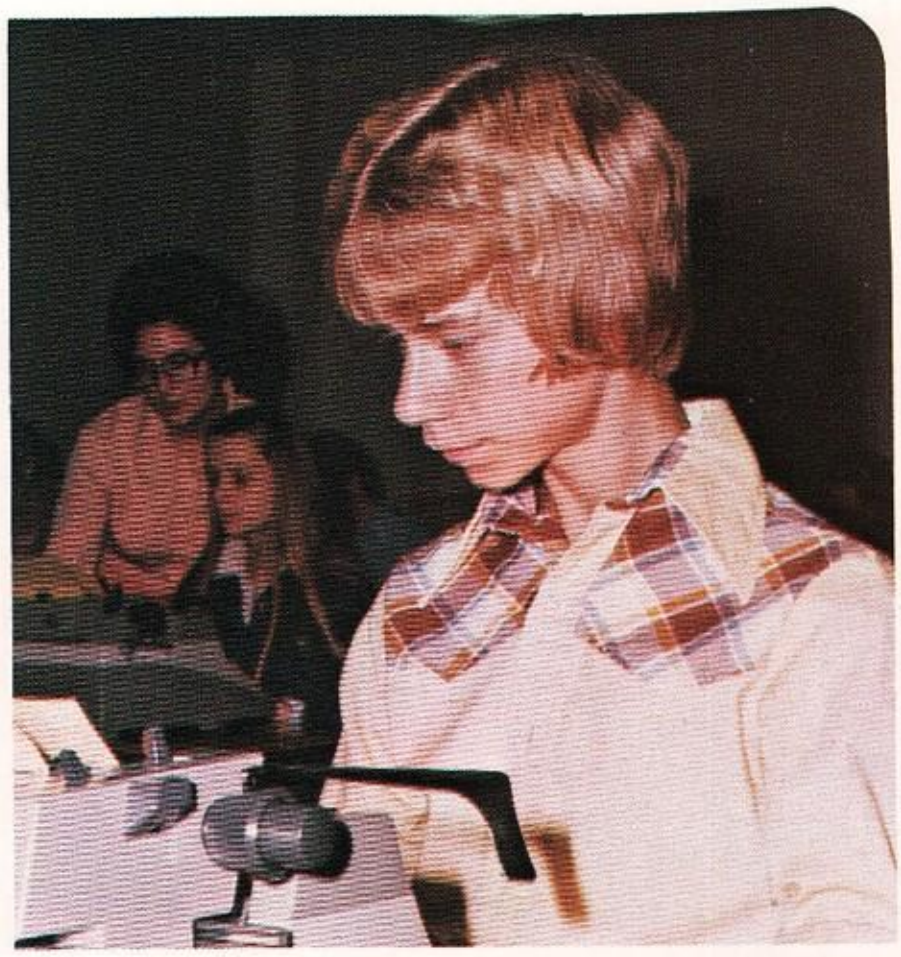
TIME
THE SOUTH TODAY

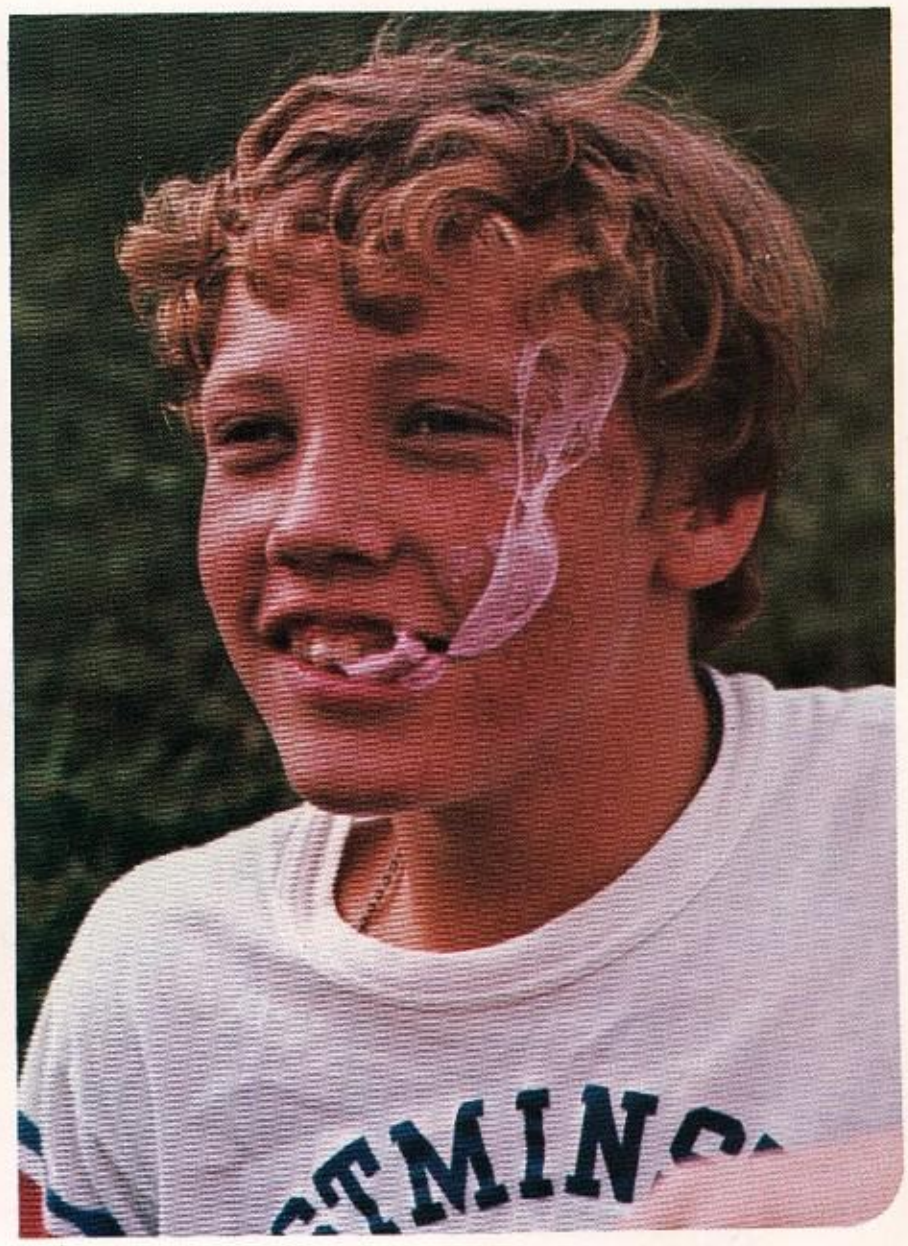


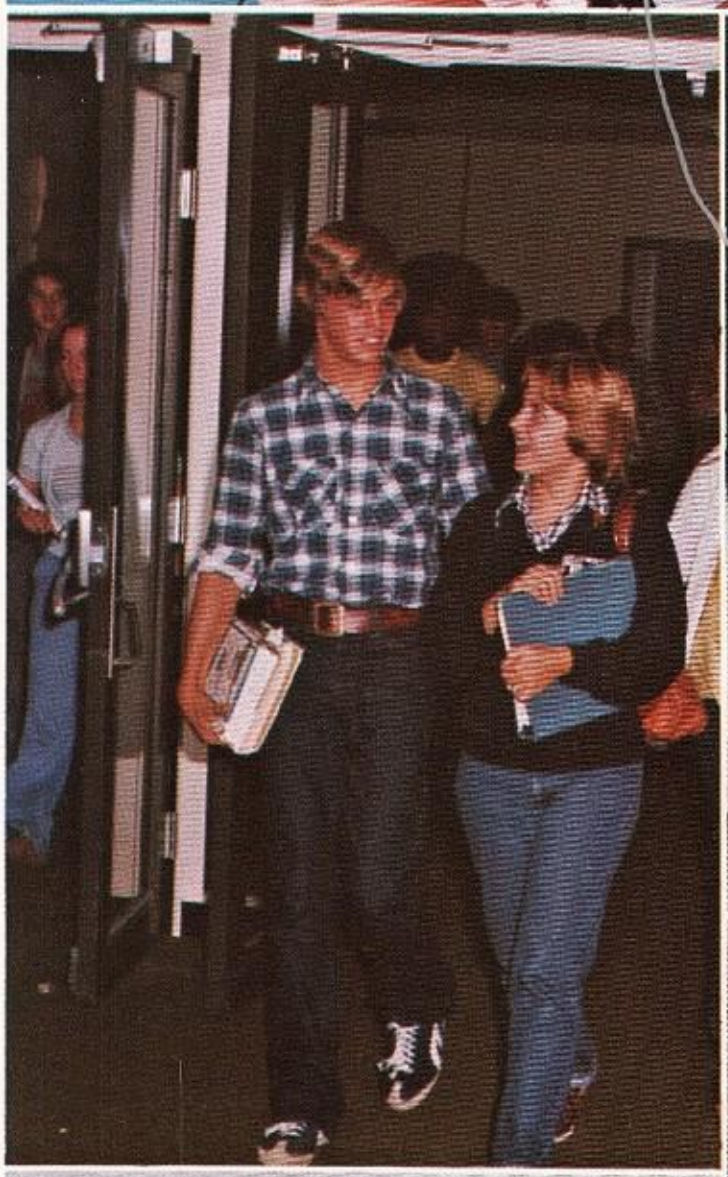


In the very busy world that we live in each of us is merely a single person playing a single part. Everyone around us has a role of his own from which we can learn. Being with a person of a different background can help us understand a way of life very different from our own. It also makes it possible for us to teach other people our type of life. Learning, loving, and living together we grow to maturity with a wonderful knowledge of life known only to the elders of our world, who have lived through their roles while being influenced by others.



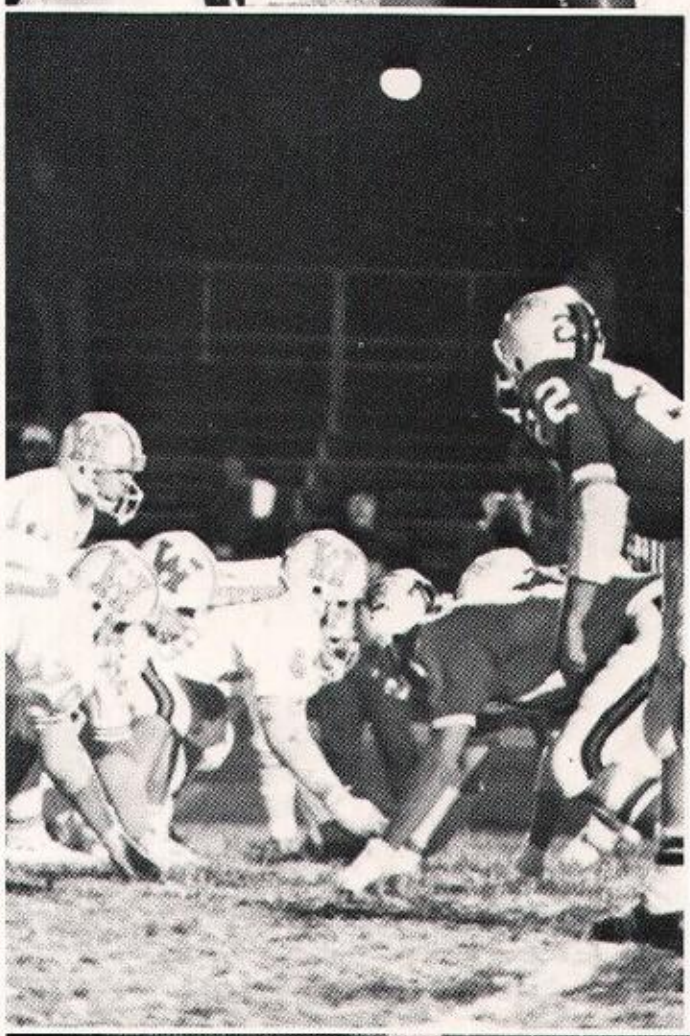


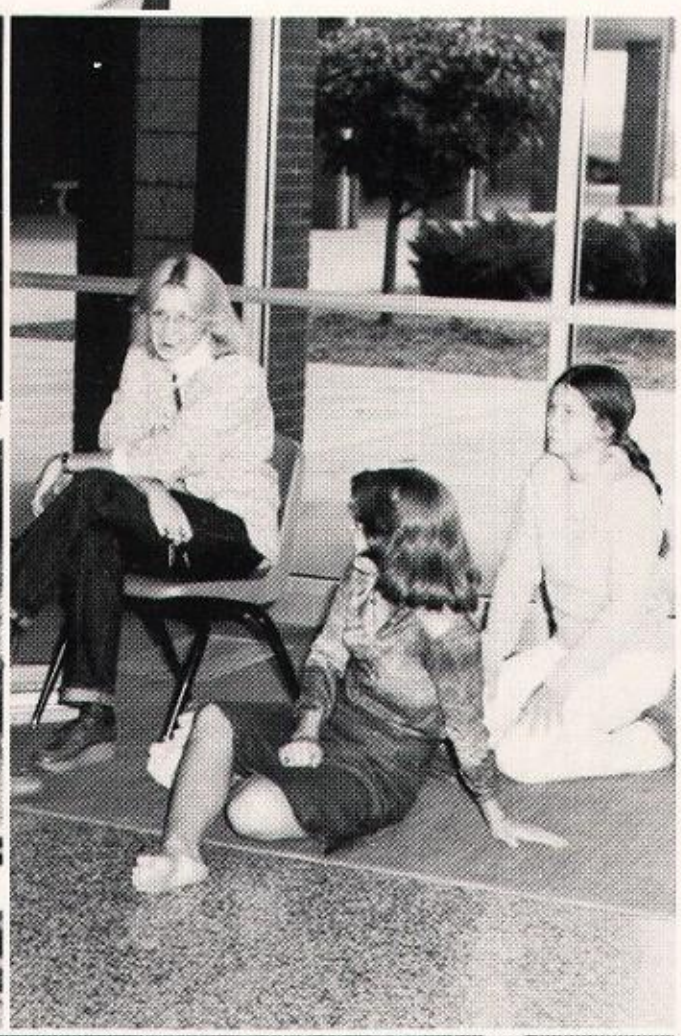




As we make our way through our roles we all display emotions that change from scene to scene. During the years of high school people grow, change, and develop not only in their bodies, but also in their minds. A freshman may be excessively excited about starting high school, yet still be frightened of being accepted by fellow students, or of pleasing parents. As a senior, a young adult may be ecstatic about graduating and creating lasting memories. However, he may be petrified of the world he sees after graduation, with visions of responsibilities he has never experienced. Our parts will keep changing as we express our emotions from day to day.

WHY COULDN'T TODAY BE SATURDAY?





In this great world we must all come together in unison to play our parts. Though people are different and have different roles in life, each of us must fit our part into the parts of others so that the world is full of people living together in harmony. The stages of our life are like a stage with the actors portraying their roles and joining them with others to build scenes, acts, and entire plays.

"TOMORROW'S MEMORY"

Now the time has come for us to say
Good-bye to our old friends
We'll keep the memories
Until we meet again
All the good times that we've had
Are soon to go away
For now the time has come
For graduation day

Look back and smile on all the years we knew
For they are all the years we grew

All the laughter that we've shared
The friends that we have gained
The fight for all our goals
Where happiness remained
In a world with thoughts divided
One thing will always be
I can look back and say
You were a friend to me

Our school days now are here for us to see
Tomorrow they will be a memory

Lyrics by Renee Crowl

Grandmother's trunk in the attic
Seldom held silver or furs.
It was filled with the most precious
things in the world . . . . . .
A lifetime of joy that was hers.

Love letters tied with a neat little bow,
Pictures of friends through the years,
Petals of thoughtfulness pressed in a page,
A scrapbook of sweet souvenirs.

And so often I think of that
old treasure chest
And wonder how much time we spend . . .
In desperate pursuit of the fads that amuse
But really don't count in the end.

For what matters most
in the short time we live
Is not the possessions we keep,
But the joy that we share with loved ones who care
Is the joy that we finally reap.

W. Norris Weis

Dear Friends,

Graduates of 1977, I salute you!

One parting shot for you to ponder: PROVERBS expresses it thusly — "As a man thinketh in his heart, so is he." The real inner beliefs of each of us are evidenced through our actions.

And, it's just as important to recognize the corollary to that proverb: What gets your attention, gets you!

When Sir Christopher Wren, the famous British architect and builder was checking construction progress on St. Paul's Cathedral in London after the great fire of 1666, he came upon a series of workmen chiseling out stone blocks for the building.

"What are you doing?" he asked each man in turn as he walked down the line. Unrecognized by the workmen, they gave many different answers:

"Cutting stone," said one.
"Making forty pence a day," said another.
"Plodding on," replied a third.

Finally, the builder found a man who replied with enthusiasm, "I am helping Sir Christopher Wren build the greatest cathedral in England!"

I like to think that the last workman's blocks fit just a little more exactly than the others. I know he was happier and more satisfied with his life.

This is what I want for each of you: that you be happy and productive citizens whose thoughts and works are centered on those elements of life which are high, holy, and wholesome.

Remember — What gets your attention, gets you!

Sincerely,

W. Norris Weis

"No human feeling can ever be so appalling as joy."

Producers for the W.H.S. cast of thousands are the members of a group called the "administrative team." These five people, headed by Mr. Weis, are responsible for running the show. Along with being the disciplinarian for a particular class: Mr. Gettemy, 12th grade; Mr. McDowell, 11th grade; Dr. Dubel, 10th grade; Mrs. Sellman, 9th grade, each vice-principal undertakes duties that insure smooth sailing for the school. Each school year is a monumental production and if it wasn't for the help of our vice-principals who would . . . keep the activities calendar in order? . . . figure out how to synchronize 2200 students and 100 teachers into classes? . . . keep us in line?

Guidance

The guidance counselors make up our "casting department." These five people are in charge of casting us in the right roles according to interest and ability. Questions like: "Can I handle Shakespeare?" or "Are there any openings in Chemistry?" bombard the counselors every day as scores of students wanting to get into the act "audition" for a place in a class.

With the retirement of Miss Troxell and the transfer of Mrs. Hale brought two new ladies into the ranks: Mrs. Little and Mrs. Chilcoat. These ladies, together with the three gentlemen, all do their best to give us the best.

Secretaries

Changes have abounded at W.H.S. this year with the main office going through a complete make-over. In the past, anyone could go in and immediately spot the secretary he wanted. This year, wooden dividers, vaguely resembling a maze, were installed to give Mrs. Boone, the office manager, and Mrs. Settle, the new financial secretary, more privacy to work out the business of the school. Answering questions, filling out forms, and keeping miles of paperwork in order, our secretaries are a vital part of the W.H.S. production crew.

Of all the departments in the school, the English department is probably the most diversified in terms of personnel and course offerings.

As we all know, a person must have four English credits to graduate and with all the courses to choose from, there is no excuse for not enjoying yourself here.

Literature courses in American and British Lit., Bible Lit., drama courses in speech, acting, and dance, composition, and creative writing, mass media course and many more all help to make our English department one of the best.

From the looks of awe on some students' faces as they discover a new fact-of-life in biology to the groans of mental anguish that emerges from students' lips as they try to cope with a problem in Chems, the Science department evokes reactions of all kinds.

As a training ground for aspiring Louis Pasteurs and future Madame Curies, the third floor houses all sorts of equipment often associated with science fiction movies and mad scientists. Fine Arts

The Fine Arts department is where we learn to appreciate and participate in the finer things in life: music and art.

This year brought a major change to instrumental music. Mr. Donald Horneff came in to guide the Owl Band through football season, parades, and other special appearances. Young and energetic, Mr. Horneff turned out an award winning group. A first place trophy was the reward for performing in the annual Mayor's Parade in Baltimore.

In the art rooms, students develop their artistic talents under the supervision of our accomplished art teachers. Creative expression is evident in the many projects undertaken in E section — drawing painting, pastels, ceramics, and the results of our artistic efforts show a lot of talent evident in W.H.S. students.

In addition to speaking the languages, our students learn to appreciate the cultures and ways of life of the people whose language they are studying.

Keeping us fit is the main job of the physical education teachers. And a full time job it is! The P.E. teachers give us the basics in fitness, health, and exercise. Course selection in P.E. covers everything from archery to volleyball with a special course in Life Sports which gives a person something to go on all his life.

Included in the P.E. department is Driver Education. What one may ask, does that have to do with P.E.? Look at it this way: there are techniques to be developed in driving just as there are in sports; quick reflexes need to be perfected and strategies for defense must be mapped out.

Business Education

The business education department is a world of its own containing machinery and gadgets completely foreign to anyone who is not in on the business act. Secretarial training has come a long way since the typewriter: dictating machines, business calculators, mastery of the skills required here have helped squelch the stereotyped secretary.

The school store is also part of this department. Here, distributive education students learn to operate a successful retail business and also provide a valuable service to the school.

Media Center

The media center provides a refuge for quiet reflection and study. Surrounded by thousands of sources of knowledge, a person can go there and, in one place, visit all the countries on earth, travel in space, and meet the world's greatest people. There is something for everyone here and it is the wise student who utilizes its services.

The Co-operative Work Study Program is a unique opportunity for students to get a high school diploma while working for a salary. Cafeteria and Custodial

The cafeteria staff is a lively group of ladies (a la Galloping gourmets) who tempt us daily with their hearty cuisine. Keeping in mind all the nutrients a growing school boy and girl need, these women prepare and serve a delicious lunch to over a thousand ravenous students a day.

Our custodial and maintenance staff keep us in tip-top running order. Thanks to them, our school is kept clean and shining. The "whirr" of vacuum cleaners and the occasional pounding of a hammer all testify to the job well done by our "housekeepers."

Kim,
It's been a long 4 years. It's hard to believe it's all over. It's been most of my life knowing you. We didn't have every class together – and we had Business hour, accounting, Adv. Grammar – 5 winning years. But we did have a lot of fun. I wish the best for you in anything and you do in the future. Take care and have you be I'll see you around.

Peace, joy, and love – now and always,

Robin

Student Senate

The Student Senate is a very effective body of students who function for the welfare of the school. Among their many projects are the United Fund, Homecoming activities, the Christmas project and various other worthy causes. Led by Jeff Jones, this year's Student Senate was a dedicated group of students that kept the wheels of government running smoothly.

N.H.S.

The National Honor Society this year boasted the largest membership ever in the history of the school. The increase is due, of course, to the fine intelligence of our juniors and seniors. "Brains" though, are not the only requirement for membership. N.H.S. 'ers do more than "hit the books." They are required to be in two clubs and to be active members. This makes any N.H.S. person an "all around" person.

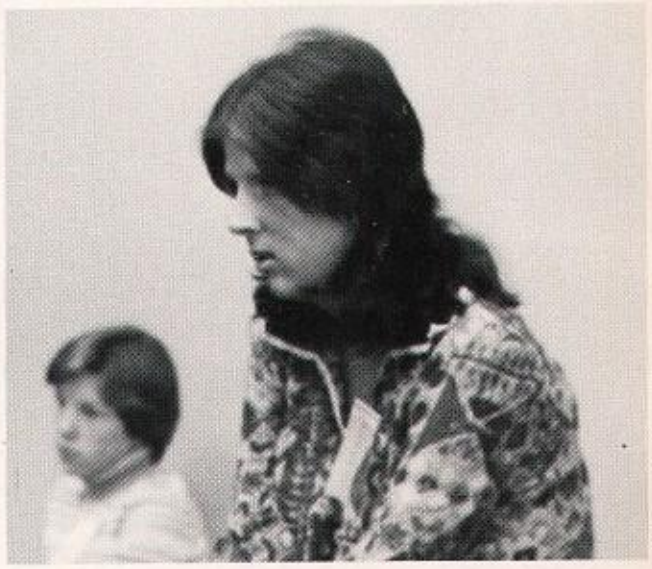
Marshalls

"But the balcony's full!" is a signal only the marshals can appreciate. With part of their job being to seat people in a crowded auditorium, such a remark is bound to be discouraging. Despite such problems, the Marshals provide a priceless service to their school. Without them, the Eisteddfod, 9th grade orientation, the Maryland Ballet, and other such activities would result in an auditorium full of misplaced persons.



Oh, how interesting!

Taking it easy.

Hey, don't take that.

Giving service to the community feeding droves of hungry people at football games, as well as showing their talents in the annual Kapers, makes Key Club one of the most active clubs at W.H.S. These men also put in a lot of hard work by sponsoring two very successful formal dances.

Sports Formal

One of the few formal dances of the year is the Sports Formal, sponsored by the Key Club. Held as the climax to the fall sports season, this dance pays tribute to all participatns in WHS sports.

The crowd that attended danced to the music of "Contraband," and the evening was highlighted by the introduction of Nancy Armacost as the 1976 Sports Formal.

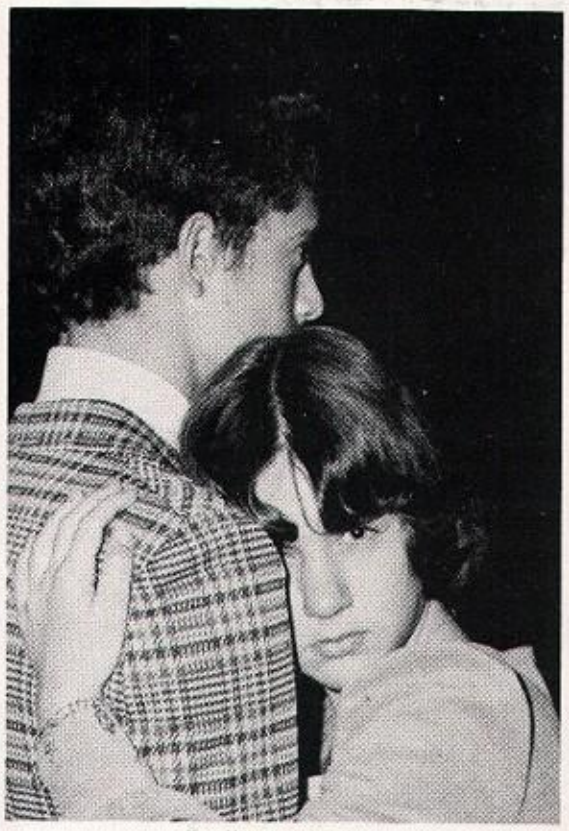
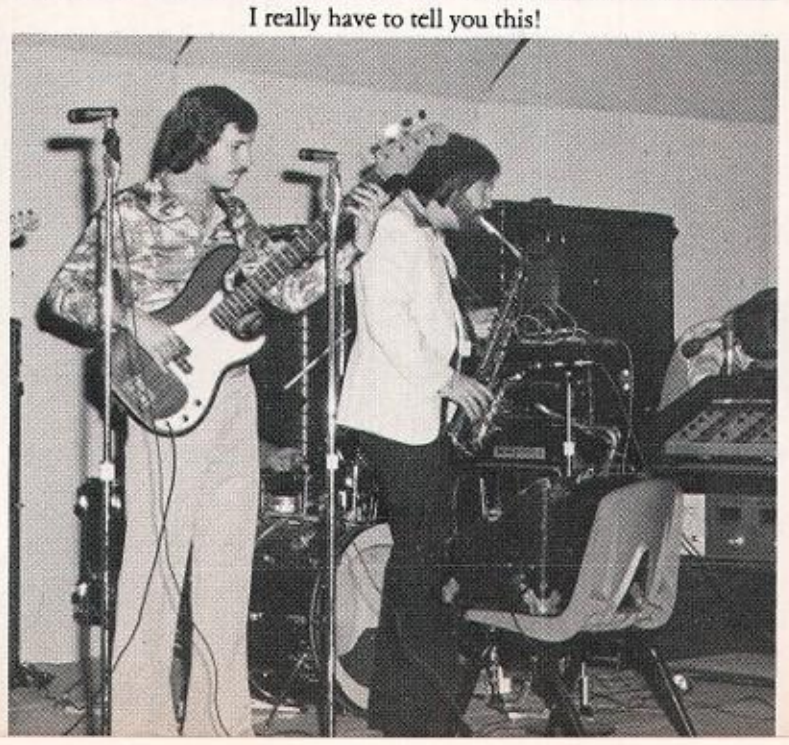
Ouch! You're squeezing my hand too tight!



Really, I'm happy!

I really have to tell you this!

As we gaze into each others' eyes.



Under the superior direction of the new head "coach," Donald Horneff, the band once again marched itself through the fall and winter. Daily rehearsals, one downpouring Mummer's Parade, and freezing half-time shows paid off as the band marched its way into first place at the Baltimore Mayor's Christmas Parade.

If, by chance, a cry of "Who did it?" is heard in the middle of the night along with elephant calls, "Hail, Westminster," and other noisy cheers, you can be sure the W.H.S. Band is near.

"Who said I had the baby powder on the bus?"

Concert band tries to convert 100 popcorn-eating, confetti-throwing, talkative kids into 100 dignified, talented musicians. Success in this task is shown every time the band gives a concert, but rarely during fourth and fifth mods.

This year, the talented Owl band members "stole" over half the chairs in County Band, while two of the musicians even made State Band.

Rifle and Flag Corps

Twirling their rifles and waving "thy true blue and pure white," the flag corps and rifle corps under the direction of captains Barb Alban and Sharon Koontz, made up routines to the music of the Owl Band. And wherever they went, they showed our school colors and spirit all over Maryland at Football games and Parades.

Christmas

Christmas is always a time for rejoicing at WHS, especially when one sees the annual Christmas program. With the co-operation of the drama classes and the music classes, talents are combined to produce a show pleasing to both the eye and the ear.

This year, the emphasis was on the true meaning of the holiday and we all found it along with Charlie Brown and the Grinch. Our new found spirit for the season was heightened by the rendition of Christmas songs by the Chorus.

The Grinch didn't steal this one!

Yearbook

Deadlines, crappy croppers, captionless pictures, copyless pages, and no candids all add up to headache #02357, which every editor has experienced. Deb's Angels are always finding new antics to alleviate these everyday yearbook pressures. Despite the problems, everything works out to one, completely finished, memory book.

Care for a flower?

Newspaper "The Owl"

B 200 is the home of the newspaper staff. Every few weeks a finished product, a newspaper, emerges from within its depths. It is a product of headlines, bylines, and deadlines; late night paste ups at the Times; lazy 10th mods; ups and downs; chances to write; and wax in fingernails.

1st Row: K. Toth, C. Tesch. 2nd Row: D. Benzil, J. Malinowski, S. Miller, T. Phillips. 3rd Row: A. Bachman.

As your pres. I'll . . .

What news?

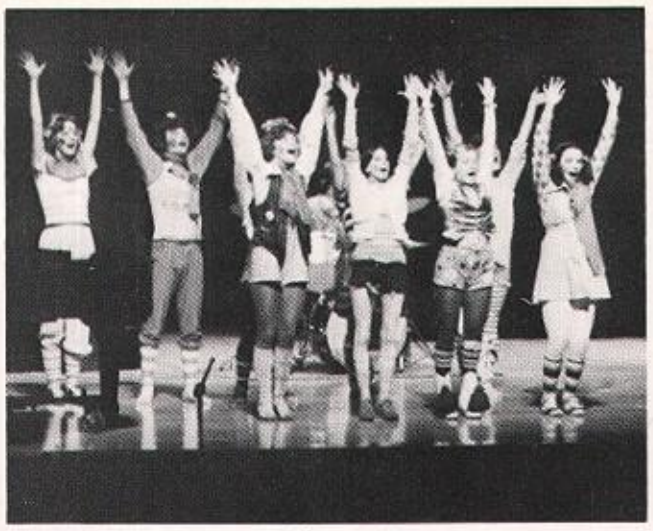
No comment at this time, gentlemen.

There's got to be a better way.

I do not want to join the circus.

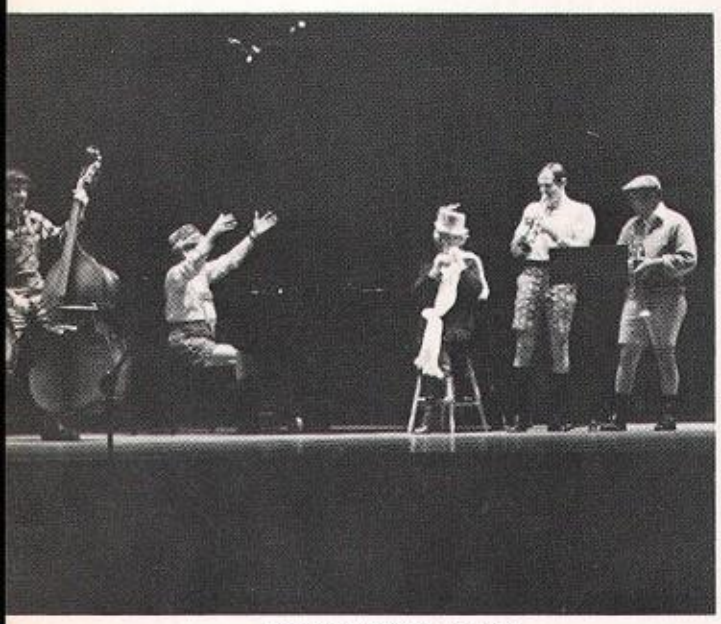
Student-Faculty Follies

Where else can you find a lil' ol' drunk southern French teacher a Driver's Ed. teacher "Doing what comes naturally," and an Administration Band. That's right!! This program was successful due to the hard work of the Thespians and the combined efforts of teachers and students.

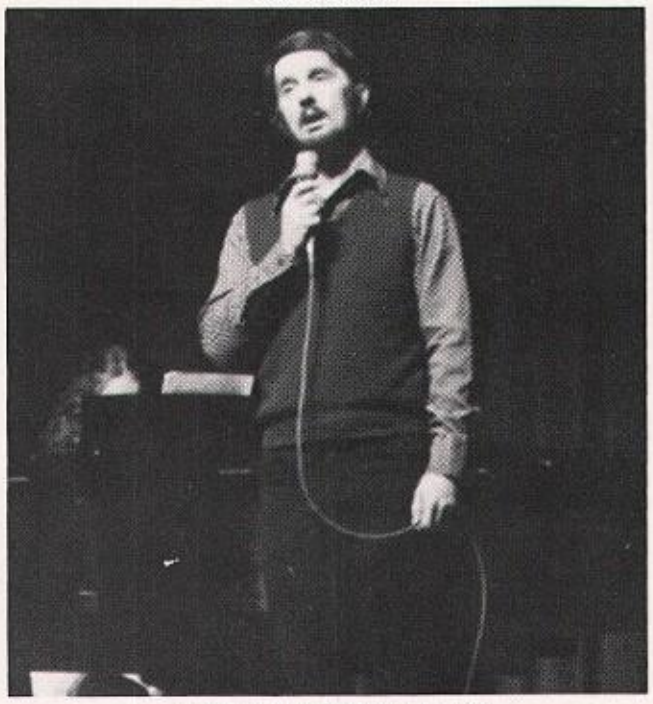


Hail Caesar!!!

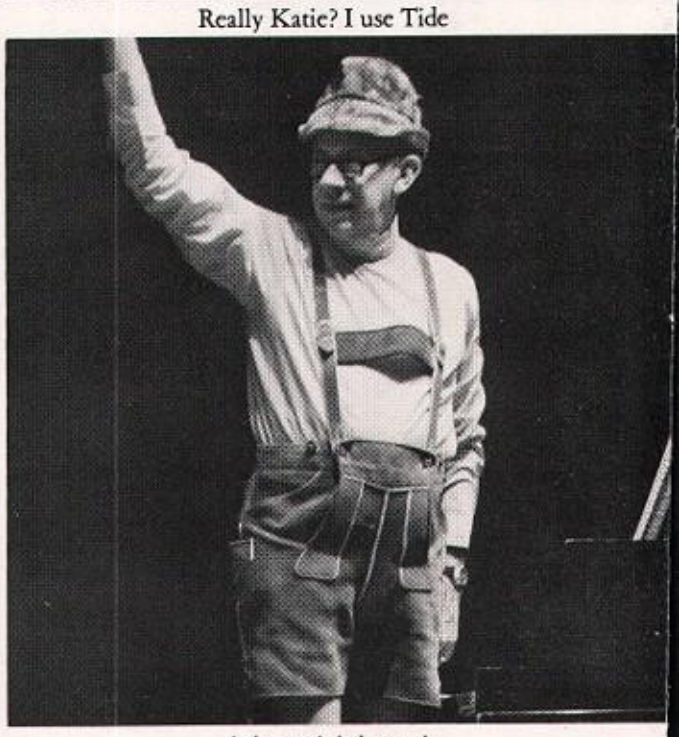
Really Katie? I use Tide



Lawrence Welk revised.



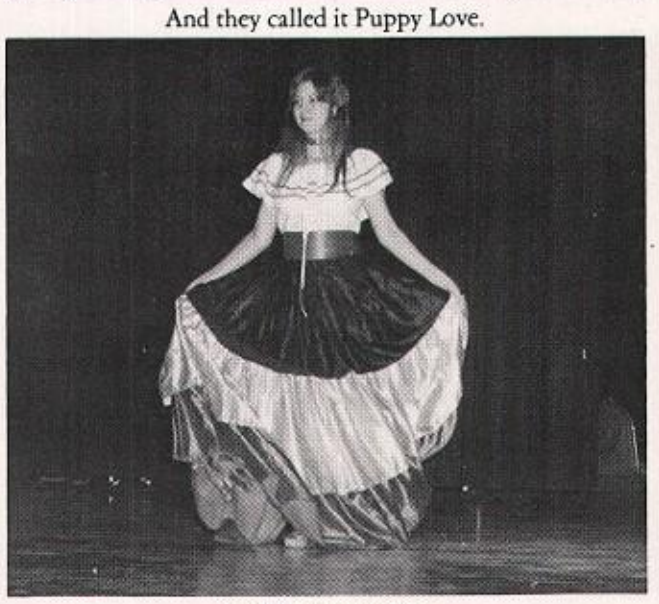
And they called it Puppy Love.



Achtung! Achtung!

Valentine Talent Show

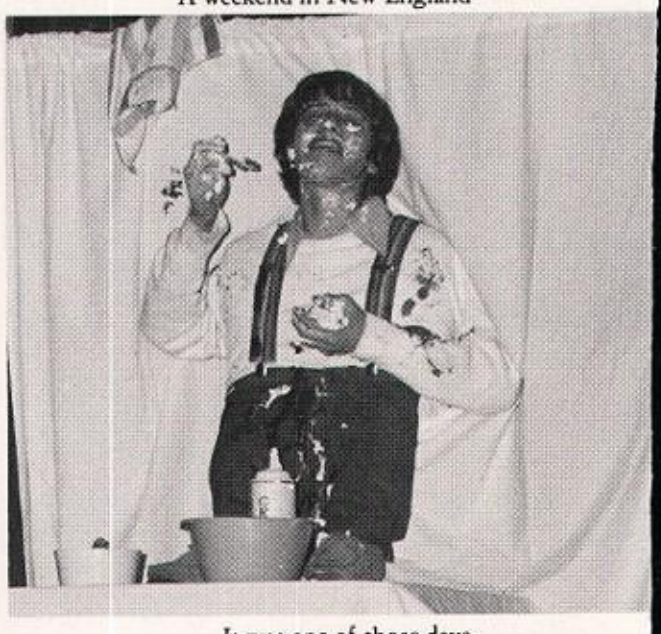
This year the Owl Newspaper Staff managed to bring us the finest of WHS's talent. The show included Larry Glick & Co., who drummed their way into first place and a Manilow Melody and a sign mine. Thanks to the Owl Staff this year's talent show was one of the best.



A little foreign flair

A weekend in New England

Dizzy drums stole 1st place.



It was one of those days.

Try your luck.

Sports Carnival

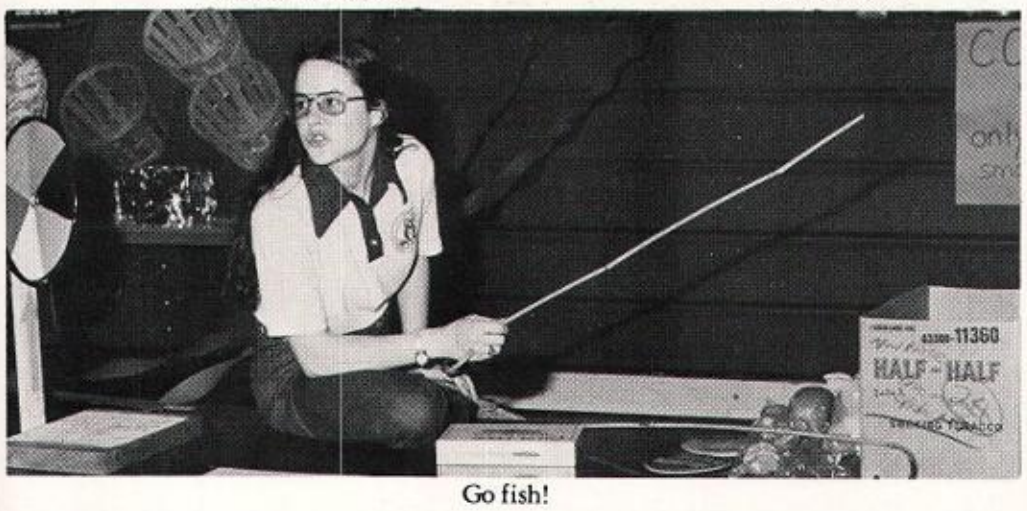
Motorcycle mama.

The Phantom!

Jeff never looked better.

What a shot!



Go fish!

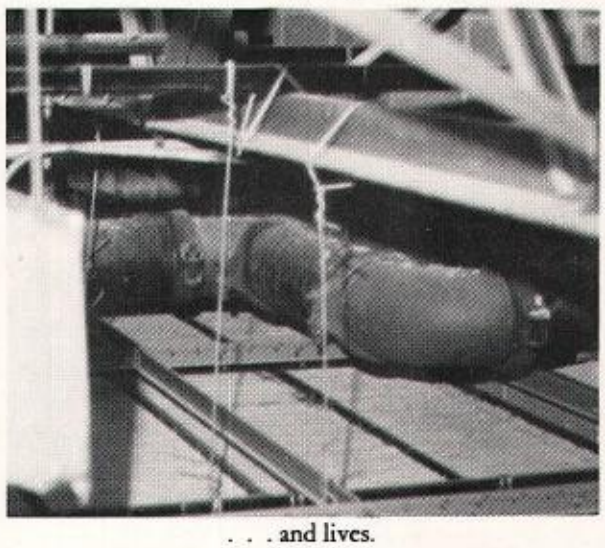
What's Happening?

Phantom

Who or what lurks in the rafters at WHS? That is the question every one is asking. WHS is now famous, nation wide, for its mysterious phantom, who eats meals in the home-ec. room and rides through the rafters on a skate board. Will our Phantom ever be caught, or will it keep students and faculty watching the ceiling forever in suspense?

Phantom or Hoax?

The Phantom lurks .



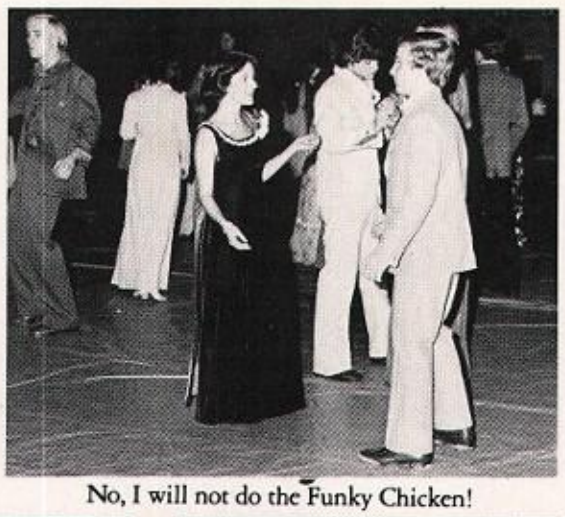
. . . and lives.

Phantom Eludes Police Searchers

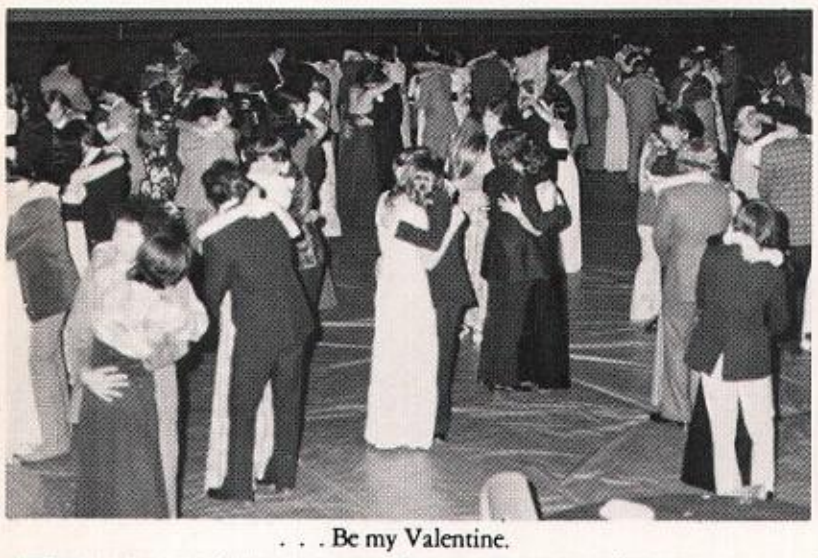
Valentine's Formal

Cupid Surely Shot quite a few arrows at this year's Valentine's Formal. The dance was sponsored by the Key Club, who did a great job of re-instating the formal into the school. Music was provided by Lee Shane and Spring Fever. A good time was had by all.

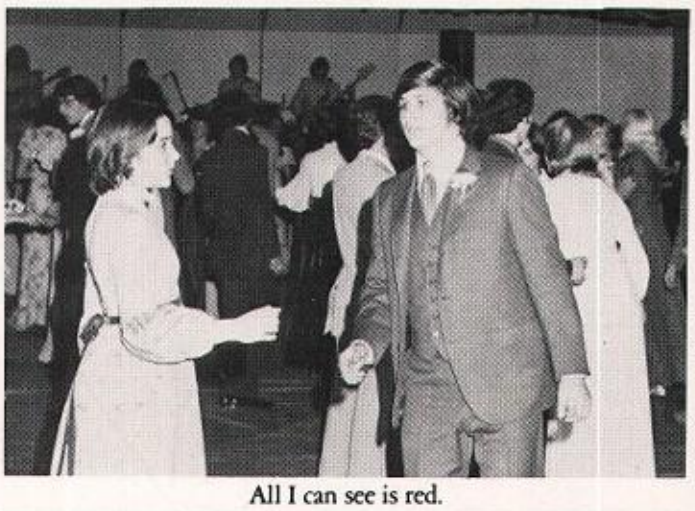
Punchy Punch?



No, I will not do the Funky Chicken!



. . . Be my Valentine.



All I can see is red.

Sweethearts.

And the Beat goes on . . .

I'm sure!

Mommy never told me that.

Production Crew

All the world may be a stage, but without a crew working behind it, every production would be a flop. Our production crew, advised by Mr. Don Smith, is on hand for any and all activities which require use of the auditorium and stage. You can be sure they are a busy bunch. As Mr. Smith puts it, "we're as busy as a one-armed paper hanger."

The Owl Varsity Football team played their hearts out this season to make it to the state play-offs. A near perfect season — their only loss being a hard fought battle with Martinsburg — ended with a 9-1 record, the best in WHS history.

Team effort and individual skill were combined to make the 1976 Owls a championship team. They made it to the Class A State finals where they fought valiantly before going down in defeat to Largo High School.

Spirit and pride were the emotions felt each time the team performed. The 1976 Owls set a precedent and it is hoped that future football seasons will be as challenging.

The Smith sisters at work.

Coach Fleming did a fine job this year with her J.V. Hockey team. Consisting of Freshman and Sophomore girls, this team provides valuable experience before the girls move up to Varsity hockey. And after this year's Varsity Championship, the young ones have a lot to live up to!

Natalie Logue

The sensational 1976 "hockey bites" captured the State Championship for the first time at Westminster High School. Coach Hooper did a fantastic job with her undefeated team. She was very proud of the "spectacular seven," which consists of all seniors and the other outstanding players without whom the championship team would not have been possible.

They never come down here.

Varsity Soccer '76

This year's Superstar Soccer team really proved they knew how to use both their feet and their heads! Under the new coach, Robin Stansbury, each team member added a special skill, making the team's defense the "Rock of Ages." These Kicking Kings stayed on their toes, throughout every game, giving them the best season on record.

Front Row: J. Miller, D. Rill, L. Dimartino, T. Shinsky, T. Keeney, J. Alexander, S. Myers. Second Row: M. Coleman, J. Macharsky, B. Lichtfuss, P. Spittel, S. Lawson, J. Ridenour, B. Jenness, M. Lichtfuss, C. Coppersmith, K. Rill, R. Wiles, Coach Mr. Myers. Third Row: R. Bloom, F. Livolsi, B. Walsh, B. Jorss, R. Jones, B. West, R. Thomas, G. Hadden.

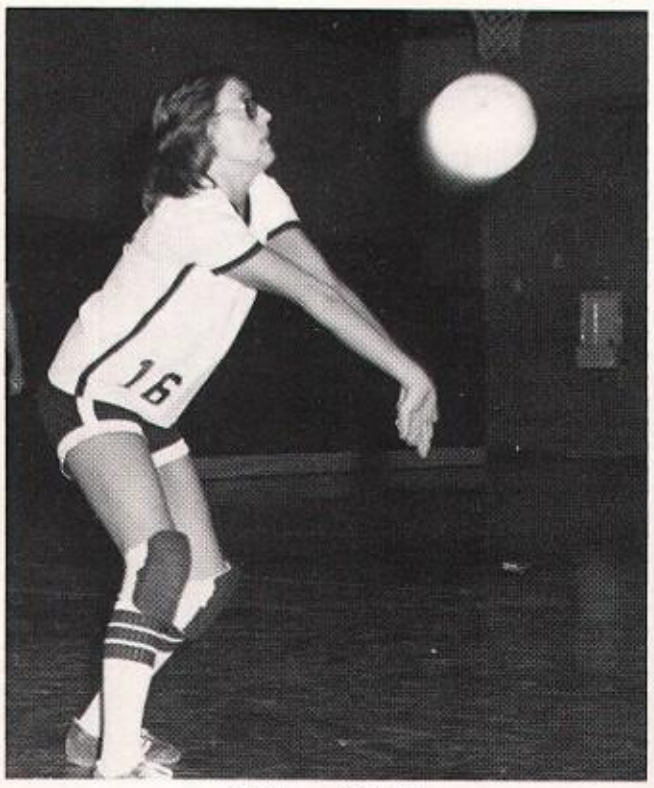
This year's J.V. Soccer team held up the tradition and kept their opponents always guessing what their next move would be. Playing as a well organized team the J.V. squad goaled their way to many victories.



Eeek . . . I hit it!

Even though they only had a semi-successful season, the volleyball team continued to display excellent sportsmanship and determination.

They were always willing to work together to "serve" their purpose.

I can jump higher than you!

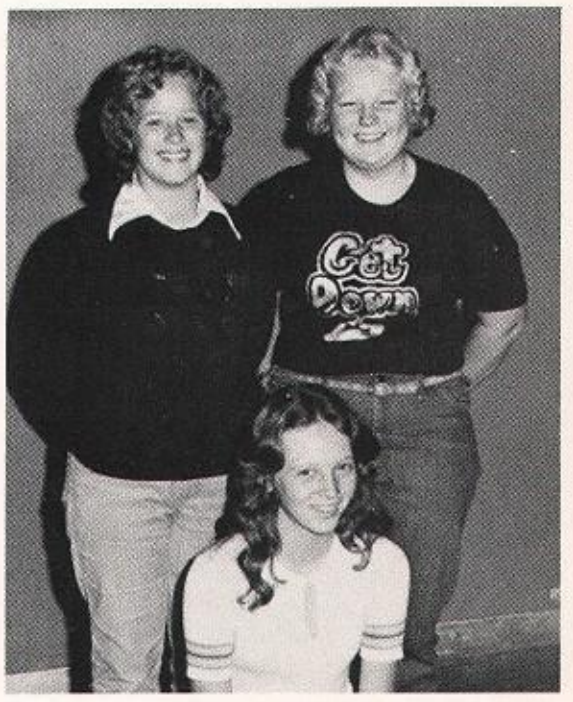
J.V. Volleyball

Row 1: L. Bowers, G. Hargis, Row 2: J. Dyson, C. Hooper, R. Halper, Row 3: A. McKenna, C. Mummaugh, V. Bodden, J. Packer, coach; D. Cook.

The J.V. volleyball team had a fantastic season as they "bumped" their way into a tied first place position in the county. Their smashing success was a result of fine team work and ability. These girls show a lot of promise for next year's varsity team.



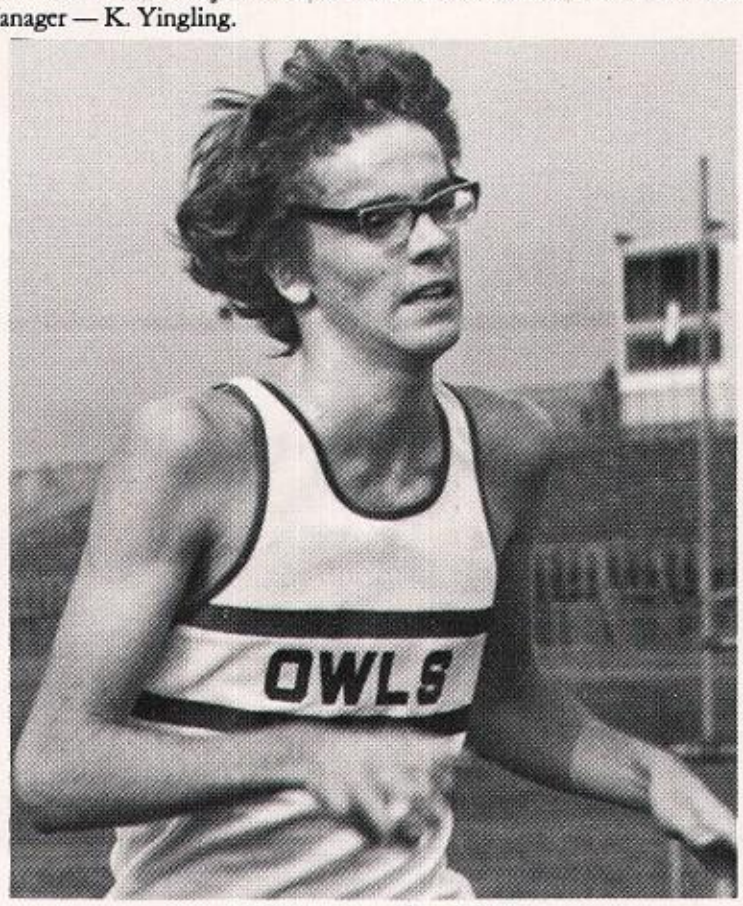
Managers: L. Brothers, Row 2: V. Buckworth, S. Mann.

Cross Country

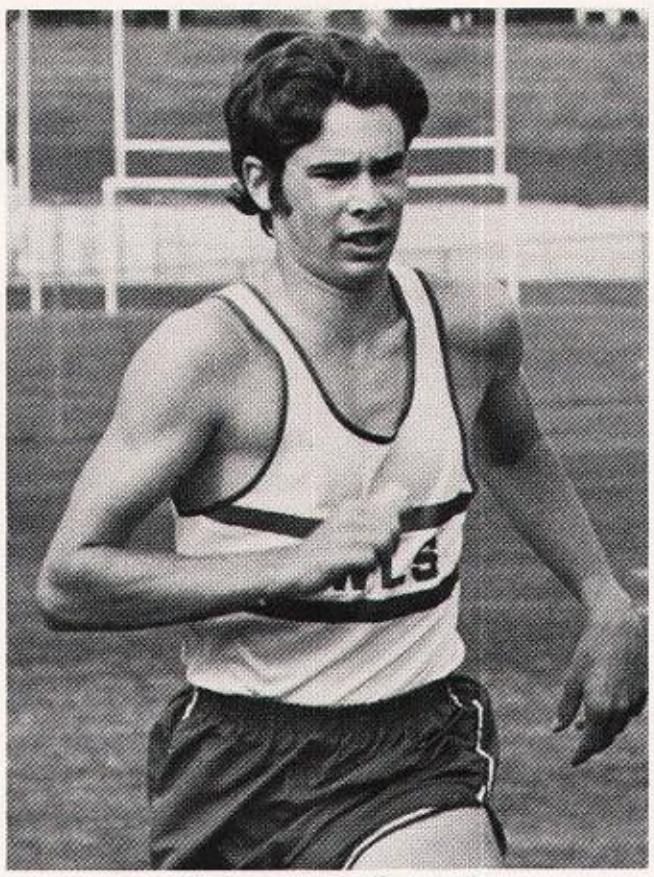
Front Row: G. Bair, M. Makovitch, J. Harris, T. Warren, K. Clausen, J. Amass, K. Clausen, M. Pickett. Second Row: M. Hartley, W. Welty, M. Williar, F. Marquardt, K. Schulz, D. Weisgerber, A. Bachmann, G. Schuler, F. Livolsi, Manager — K. Yingling.

The Cross Country team is one of the most ambitious groups we have at W.H.S. Not only do they run miles and miles in practice during the season, but they keep in shape during the summer. This year, for instance, some of the guys attended a two week camp at Cowan's Gap, Penn. where their goal was to run "over hill and dale" a minimum of 100 miles per week!

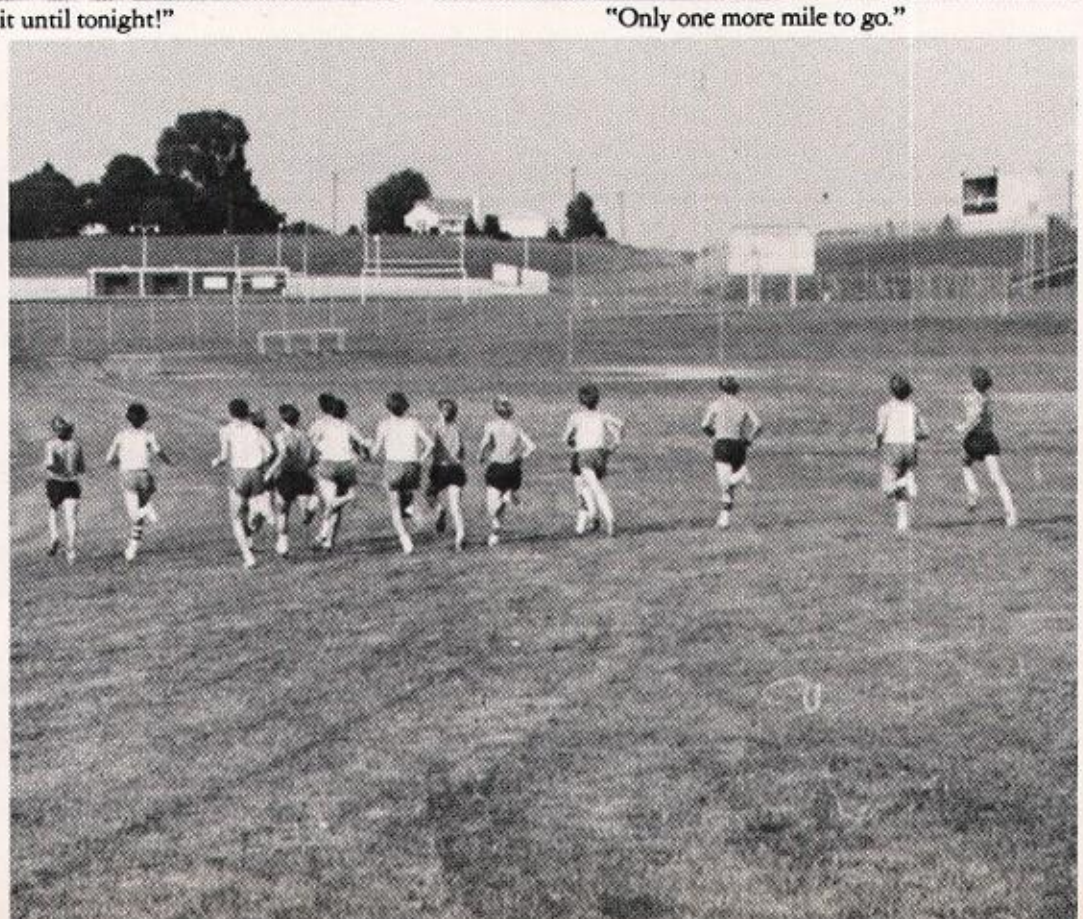
Mr. Jim Shank, mentor for the team has a lot to be proud of: his runners are making news and finding their pictures in the paper!



"I can't wait until tonight!"



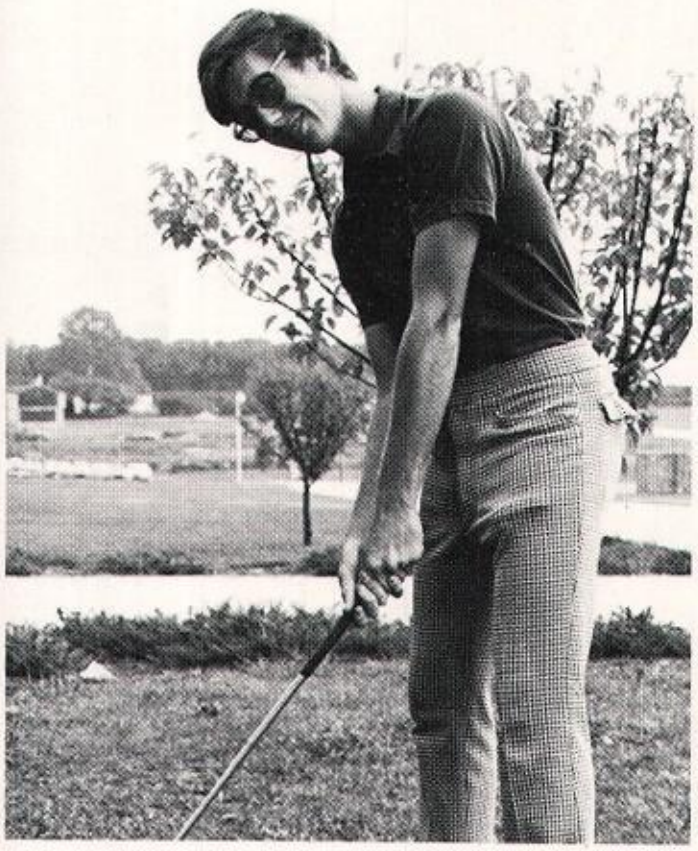
"Only one more mile to go."



Golf

First Row: T. Eckenrode, V. Dopson, J. MacDonald, M. McCoy. Second Row: P. Trainor, B. Shook, W. Hooper, C. Palmer, S. Williams, Coach J. Sexton.

The Golf team really got into the swing of things this year. Their record clearly shows that all problems were "ironed" out and their success put two of the guys, Todd Eckenrode and Charles Palmer, in state competition.



Seniors Chuck Palmer, . . .

Pat Trainor, . . .

and John Johnson.

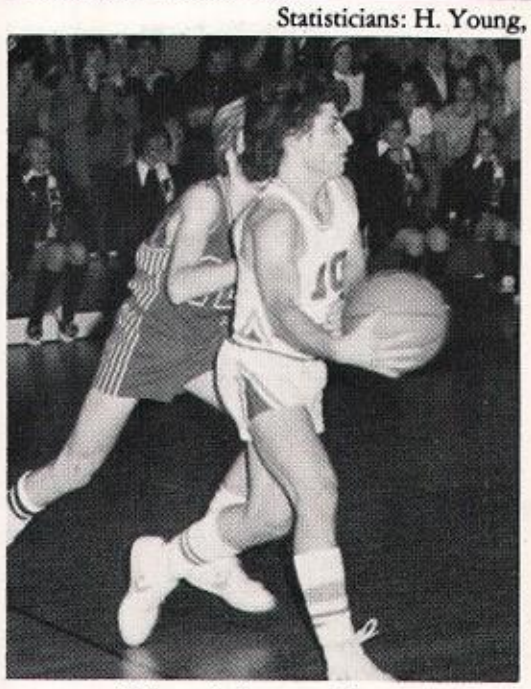
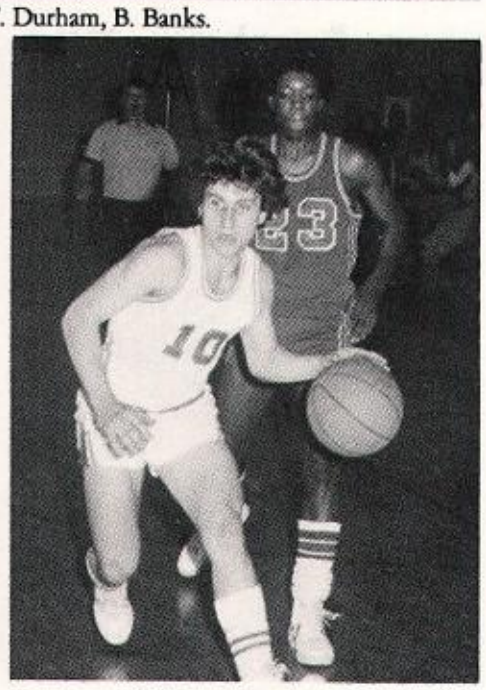
Statisticians: H. Young, T. Durham, B. Banks.



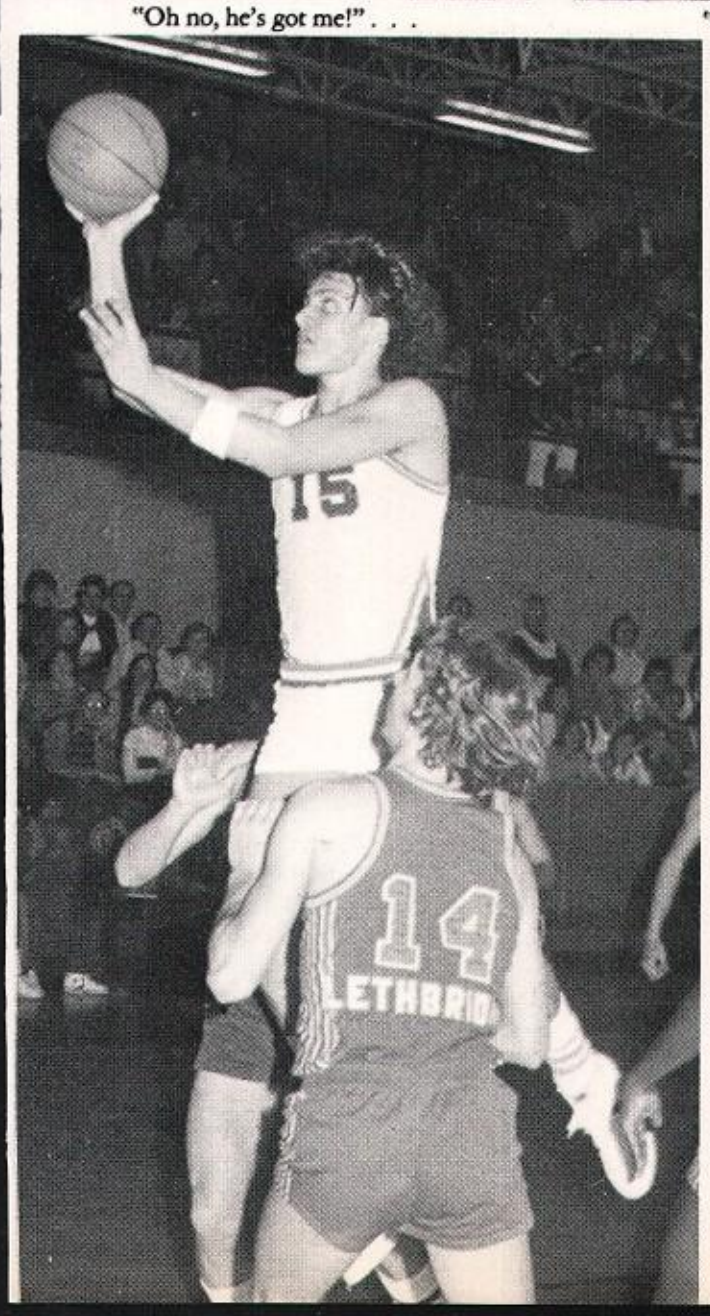
"Oh no, he's got me!" . . .

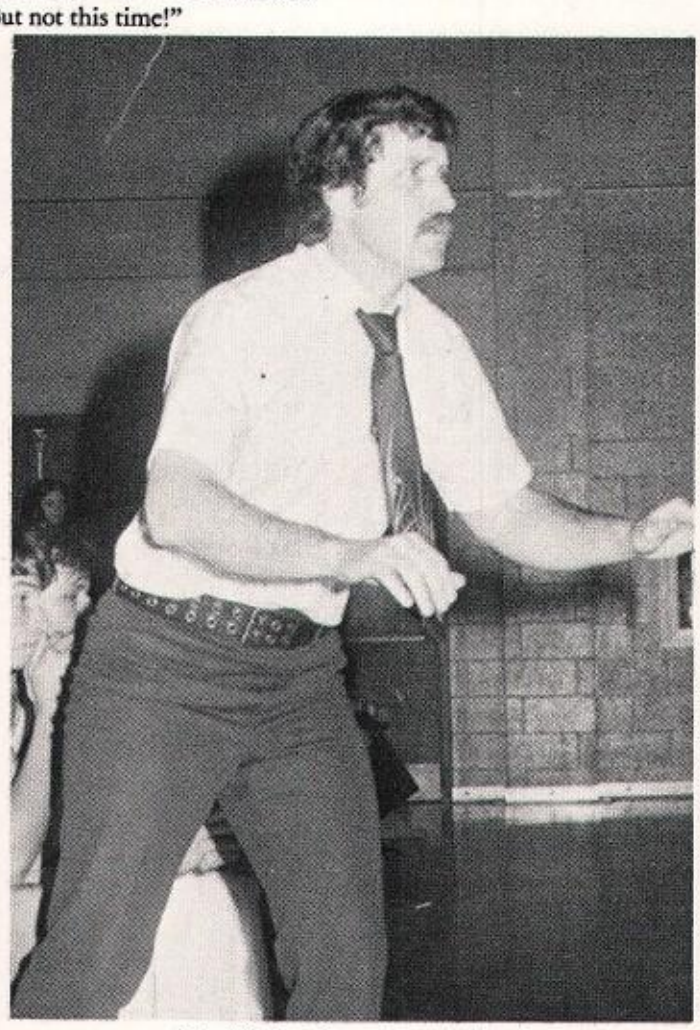


"But not this time!"

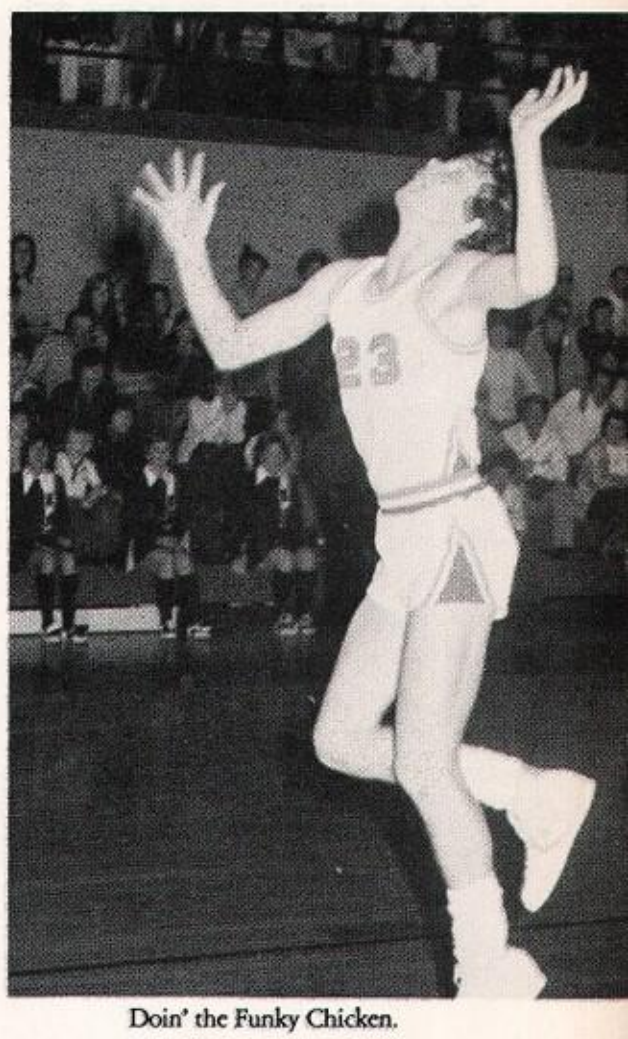
"Do you really think we will win?"

The Varsity Basketball team under the leadership of head coach John Sexton bounced their way through another productive season. Each game was a true challenge resulting from hard work and much enthusiasm. Although their record might have been better, Basketball was still the main word for Tuesdays and Fridays at W.H.S.





The Mighty Burner's gettin' hot!



Doin' the Funky Chicken.

J.V. Basketball

Caught in the middle of developing their best basketball skills, our J.V. team racks up experience in many hours of practice and successful shows on the court in competition. This year's team members should move up to represent W.H.S. in varsity Basketball next year.

Row 1: M. Mummaugh, S. Nevin, Row 2: M. Strine, P. Bowersox, M. Jones, O. Norris, F. LiVolsi, C. Snyder, B. Baumgardner, Row 3: Coach, Mr. Johnson, C. Gordon, T. Troxell, C. Schuler, J. Runser, G. Robinson, S. Quinley, Mgr. B. Shook.

Girls J.V. Basketball

Dribbling down the court, rebounding, and making terrific shots are all in a day's work for the girls on the J.V. basketball team. This winning group of girls is showing that the women, too, can turn sports into exciting, competitive events.

Row 1: Managers, J. Dyson, T. Handy, R. Armacost. Row 2: A. Smith, C. Conover, V. Bodden, T. Neill, A. McKenna, Coach, D. Fleming, D. Clegg, C. Mummaugh, T. Smith, K. Head, G. Gladden.

God help me!

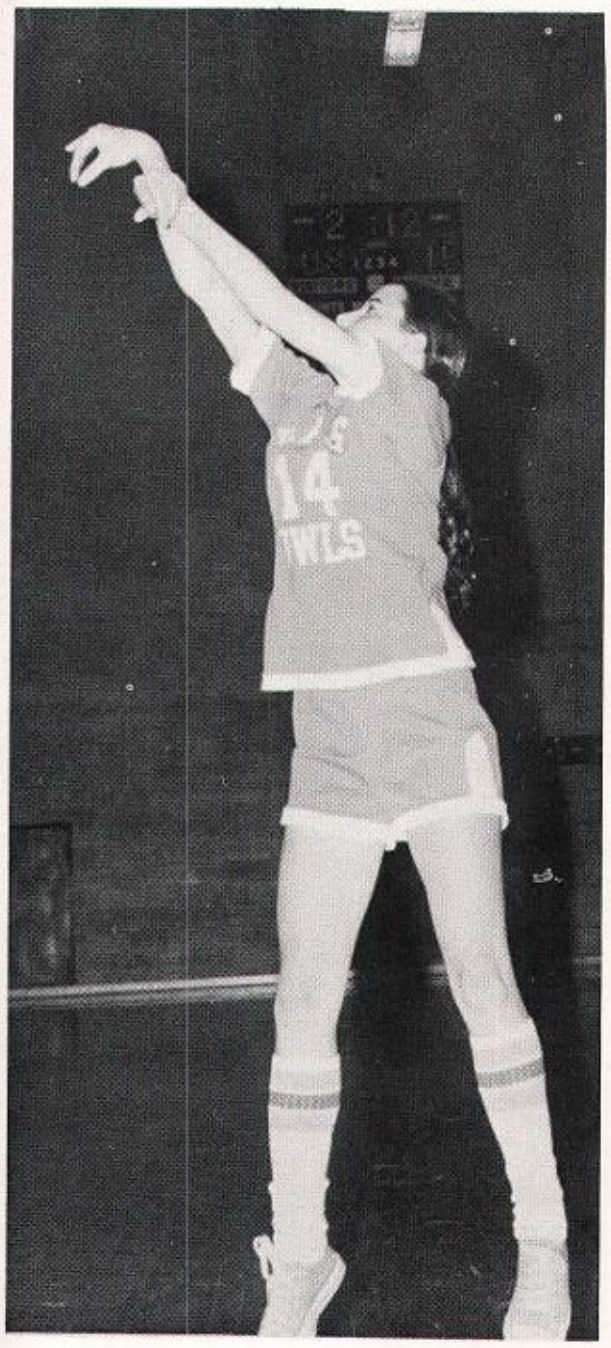
Don't laugh, I never took dance lessons.



Lean to the left, lean to . . .

I don't practice ballet often.

Varsity Wrestling

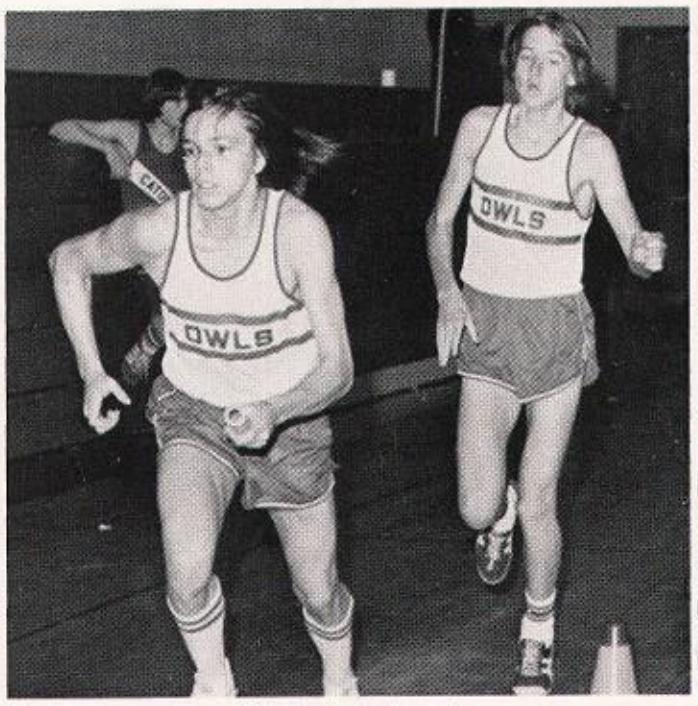
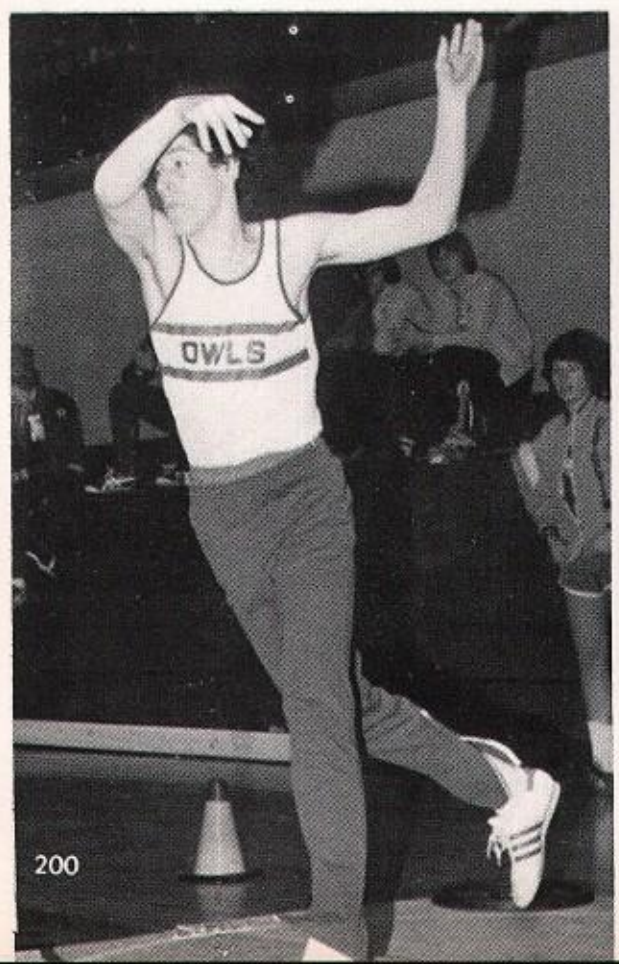
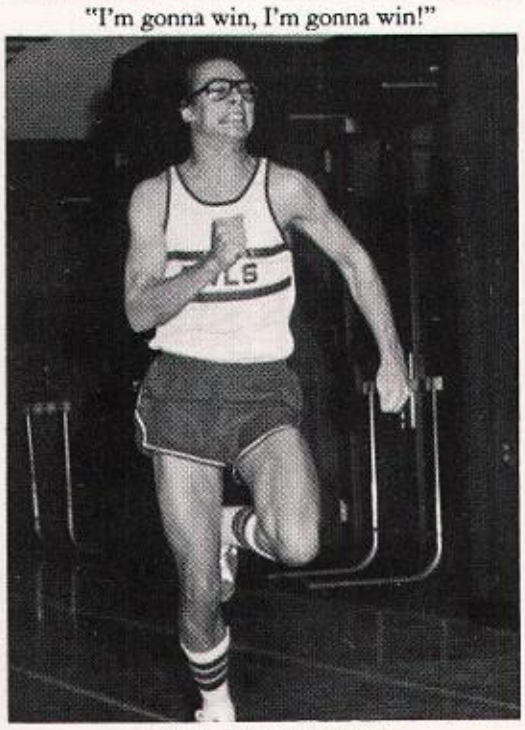
"I'm gonna win, I'm gonna win!"



"Hey, wait a minute."





A face of determination.

Neck and Neck?

"Who IS that masked man?"

"Faster than the track team?"

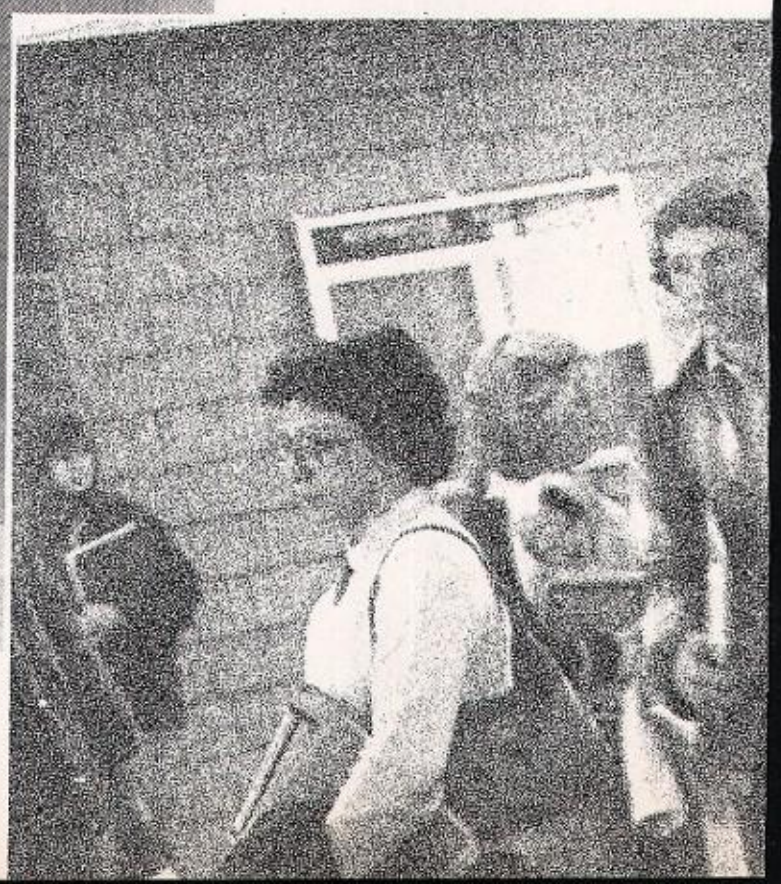
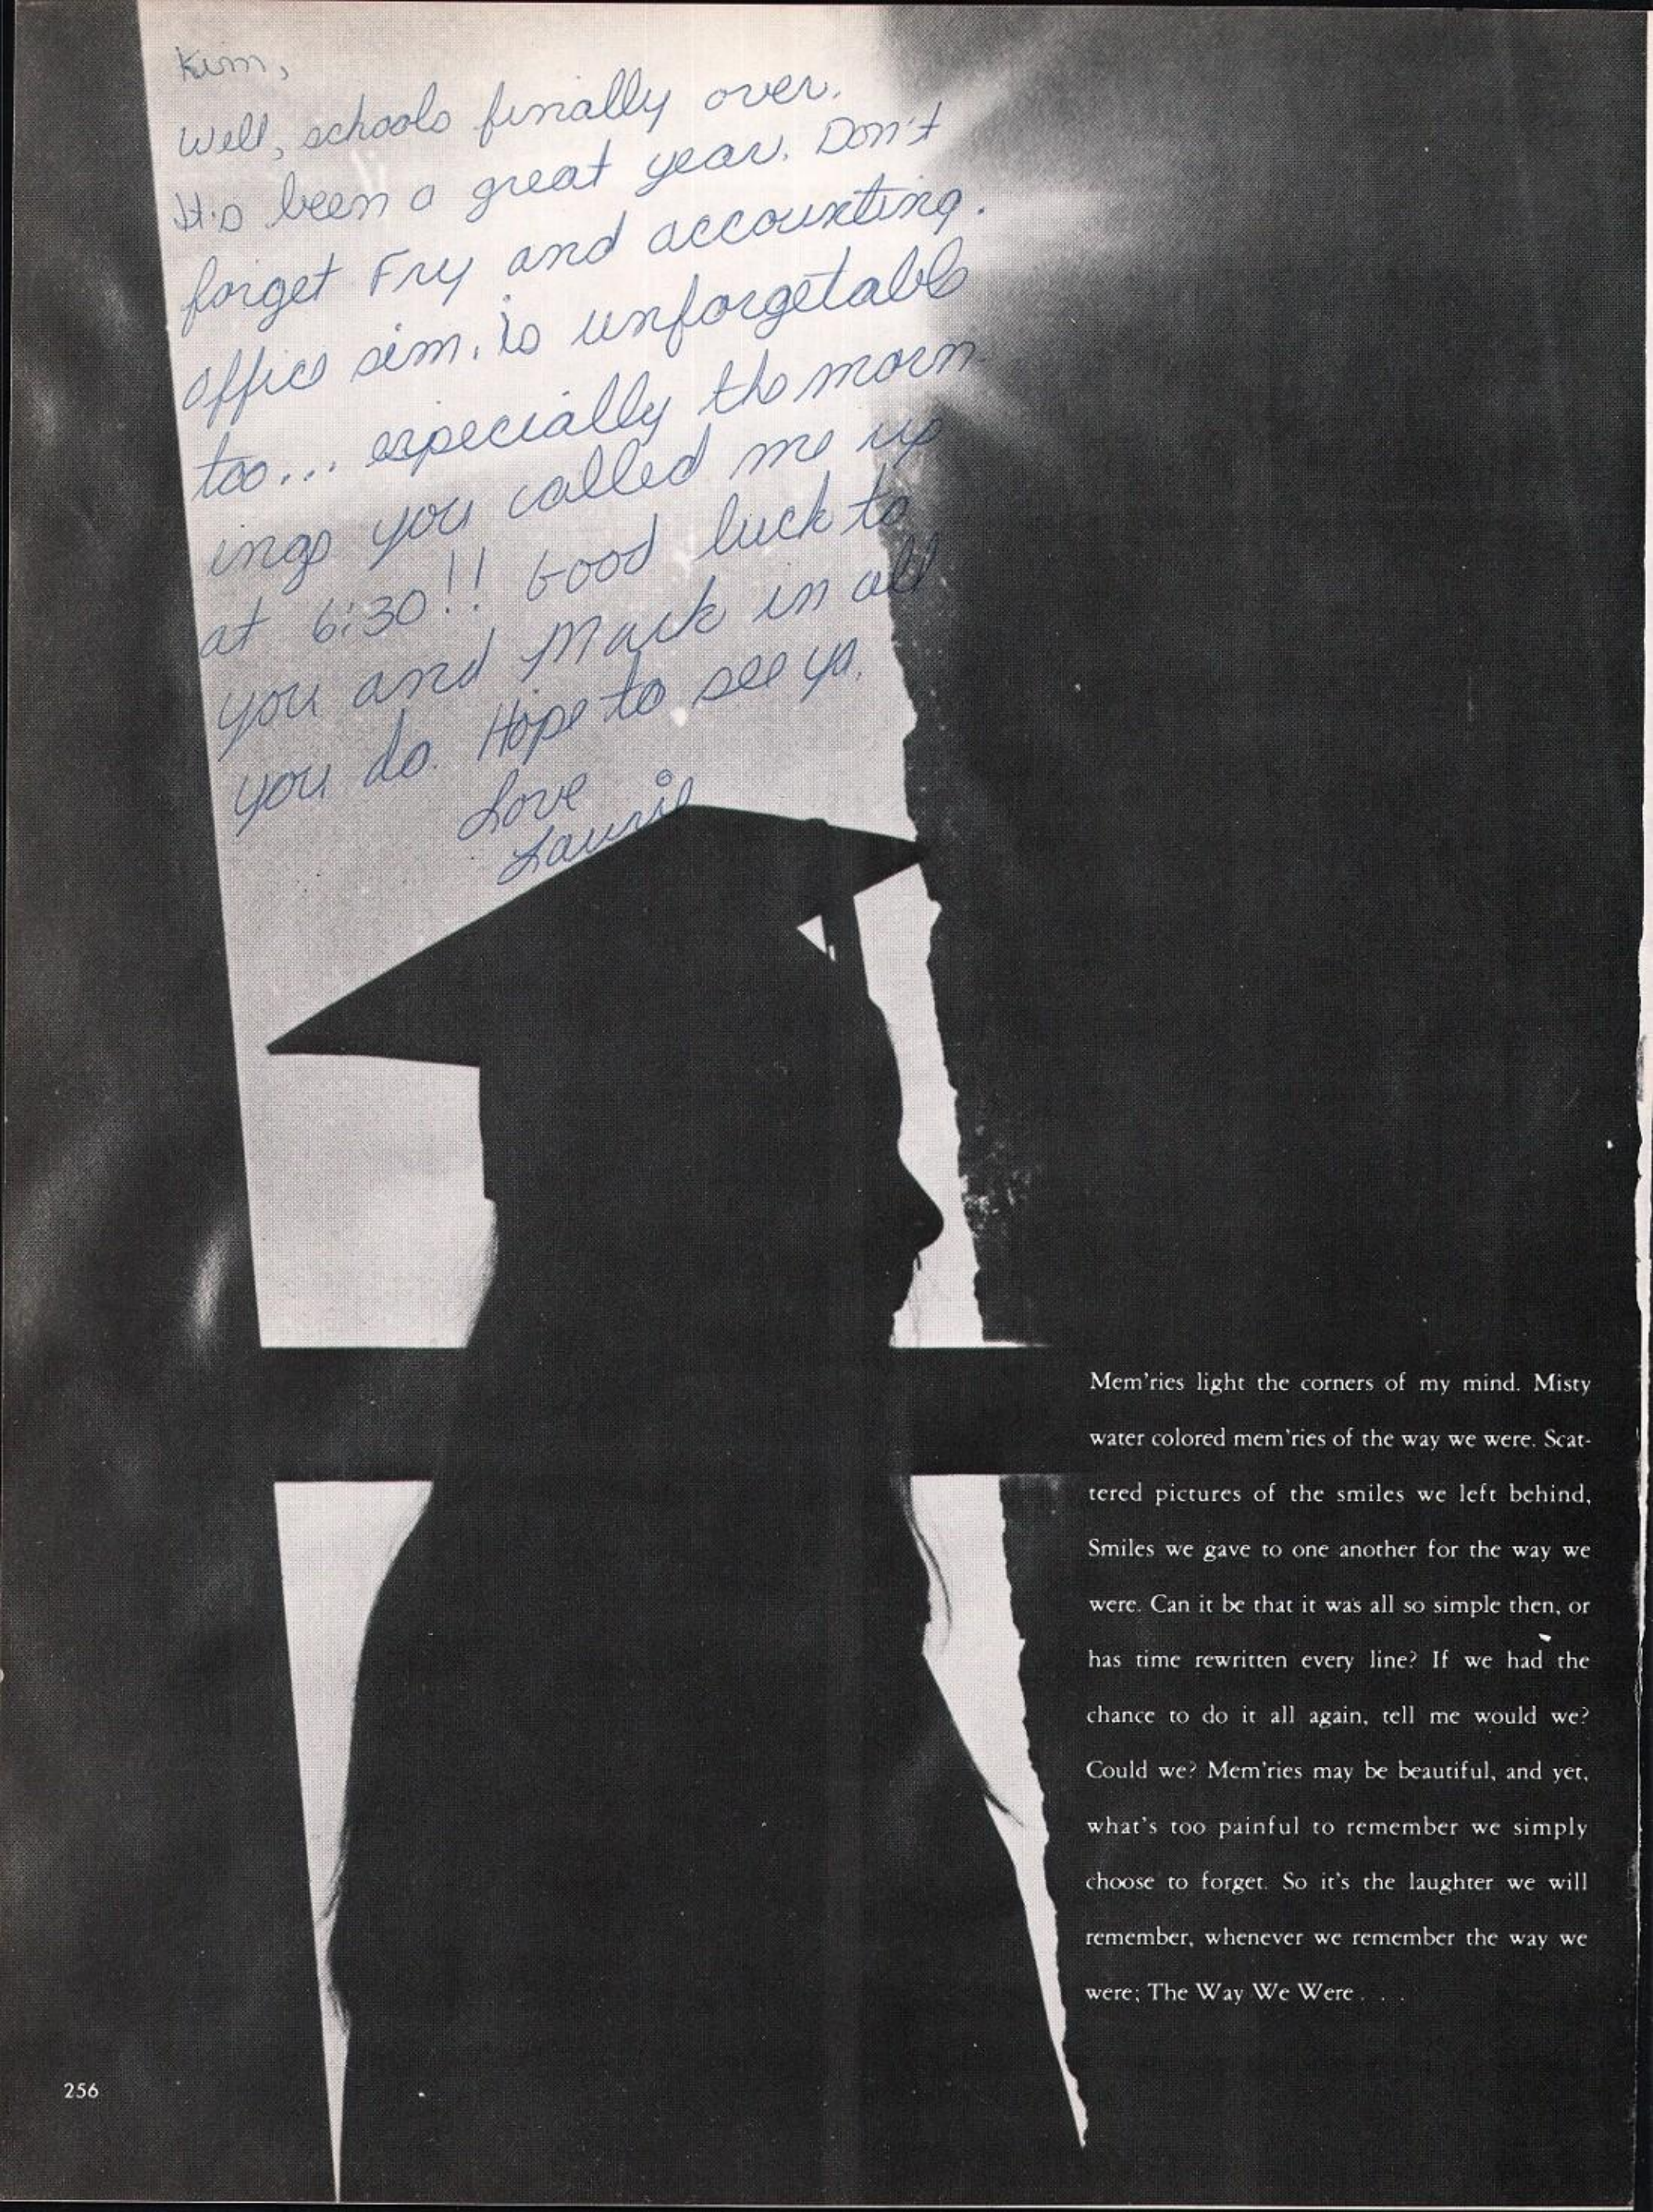
The time has come to close the curtain on 1977. Some will bid farewell to their roles in high school forever by taking their last curtain call on graduation night. They are ready to accept new parts in the future: college, work, marriage. As the future becomes brighter the past will be remembered as a part well played and the memories of football games, Saturday night dances, friends, classrooms and even teachers will become faded with time.



It is our hope that this book will keep the memories from fading completely. Our past will always be a part of us, but we cannot dwell on it forever.

The characters we have become through all the roles we play must mature and develop as we move on through the future. We should go into the world, our stage of life with enthusiasm for each

new role we encounter. When one scene has ended, the curtain will rise on yet another. We must always be ready to accept the new roles life will deal us.



Mem'ries light the corners of my mind. Misty water colored mem'ries of the way we were. Scattered pictures of the smiles we left behind, Smiles we gave to one another for the way we were. Can it be that it was all so simple then, or has time rewritten every line? If we had the chance to do it all again, tell me would we? Could we? Mem'ries may be beautiful, and yet, what's too painful to remember we simply choose to forget. So it's the laughter we will remember, whenever we remember the way we were; The Way We Were . . .

Kim-
haven't we had fun over the
school years. I miss
seeing you in the
classes - but I
pray that you
to see you
me or (vice-versa) we
very good (like me?) and
together, if that's what you want.

God Bless
Love - Cheryl

Remember all the good times we had in O.C., in school, and running around. Remember Boise, Pat, Chas Eve and me and I get myself in more problems) especially the ones Ronnie and I am. What would I do without you?! Good Luck over there and Mark. Keep in touch, I need to hear all your self and behave. Ha!
